ROGERS GIVES OUT OFFICIAL FIGURES OF LAST CENSUS

Increase of 14.9 Per Cent in Past Ten Years Against 21 Per Cent Ten Years Previous—War and Influenza Cause of Falling Off in Growth—Trend of Population to Cities

WASHINGTON, Oct. 7.—Director Rogers of the census bureau in making the announcement of the country's population this afternoon said that the final official population as transmitted to congress in December for apportionment purposes, was not likely to be greatly different.

"The population of the United States as announced today," said Mr. Rogers, "is 105,683,108, as compared with a total in 1910 of 91,972,266 and in 1900 of 75,994,575. This is an increase since 1910 of 13,710,842, or 14.9 per cent as compared with an increase from 1900 to 1910 of 15,977,691, or 21 per cent.

"The large falling off in the rate of growth as shown by these figures is due mainly to an almost complete cessation of immigration for more than five years and in some degree also to an epidemic of influenza and to the casualties resulting in the World War.

"The results of the census of population in 1920 may seem somewhat disappointing and open to question but the substantial accuracy of the enumeration is borne out by comparison with estimates based upon the probable excess of births over deaths thruout the decade and the excess of immigration over emigration.

"It may be roughly estimated that the annual excess of births over deaths thruout the United States is approximately one per cent. This rate compounded would indicate an increase of approximately 10.5 per cent during the decade. Thus, the nearly 92,000 persons present in the United States in 1910 might be expected to increase to about 101,700 in 1920."

It may be estimated that the increase due to excess of births over deaths in immigrant families was about 10 per cent. Thus the population may be assumed to have been augmented by about 4,100,000. The two estimates indicate a probable population of 105,800,000 or only a fraction of one per cent over the total shown by the 14th census.

Today's total does not include the populations of outlying possesions which will be announced as the figures for Alaska and the military and naval forces abroad are tabulated. It is estimated, however, that those possessions have 12,250,000 inhabitants, so the total number of people living under the American Flag is in round numbers 118,000,000.

Trend Is to the Cities.

Director Rogers of the census bureau in his statement noted that the trend of population from the country to the city had been greatly accentuated since 1910. For the first time in the country's history it said more than half the entire population was now living in urban territory.

Preliminary tabulations, Mr. Rogers said, showed that 54,816,209, or 51.9 per cent of the people were living in incorporated places of 2,500 inhabitants, or more, and 50,866,899 or 48.1 in rural territory. This situation was clearly reflected in the figures as to farms in the country which also were made public today. These placed the total of farms at 6,458,996, an increase of only 98,496, or 1.5 per cent in ten years as against an increase of 624,130, or 10.9 per cent during the decade ended in 1910.

Revised figures for a number of cities and counties are yet to be announced but the main work of the 1920 census is completed after nine months of labor.

The percentages of increases shown for the several states vary greatly due in part to the causes which have been noted as affecting the increases in the population of the country as a whole, but also in part to the abnormal internal movement of population required to meet the excessive demands of the war work in certain sections. For three states—Mississippi, Nevada and Vermont—there have been small decreases in population, the largest being for Nevada 5.5 per cent.

CHARGES DUMMIES USED TO CONCEAL CONTRIBUTIONS

Committee Established Existence of $5,000 Note

DAYTON MAN SAYS $37,000 RAISED

DAYTON, O., Oct. 7.—Use of dummies to conceal the source of contributions to a $37,000 campaign fund used in the gubernatorial election of Governor Cax, Democratic presidential candidate, in 1916, was charged in testimony here today before a senate subcommittee composed of Senatr Pomerene, Democrat, Ohio, and Senator Edge, Republican, New Jersey.

Tho the inquiry primarily was to ascertain the disposition of proceeds of a $5,000 note alleged to have been given by Governor Cox, August 17, 1917, to the City National Bank f Dayton and paid by the Dayton Metal Products Co., June 29, 1919, the committee proceeded no further than to establish the existence of the note and its payment.

Thru Adam Schantz, a member of the Dayton flood prevention committee, it was brought out that a $37,000 fund had been subscribed to help elect Governor Cox as Mr. Schantz expressed it, "for the purpose of preserving the law (conservancy law) thru Governor Cox." This money was to be used in furthering protection of the conservatory law enacted as a flood prevention measure for the Miami Valley.

MR. WHITE INVITES REPUBLICANS TO JOIN

Says Harding Has Rejected League of Nations—Makes Clear Cut Issue.

New York , Oct. 7.—George White, chairman of the Democratic national cammittee tday invited Republican men and women who believe in the league of nations to join with the Democratic party and preserve the only plan ever devised to discourage war.

In a public statement Mr. White said:

"Definitely, utterly, Senator Harding has rejected the league of nations and the whole idea and aspiration that gave it birth. In words which cannot be misunderstood or retracted he has announced that the United States if he is elected shall not join in a world contract to prevent outlaw nations and rulers henceforth from disturbing the peace of the world.

"This makes a clear-cut issue. I have hoped for this from the first. We shall now have an unmistakable referendum on this great question."

JOIN LEAGUE OF NATIONS WILL SAVE $465,000,000 - COX

Would Give Former Soldiers Farm if it is Desired

HAS STUDIED THE RAILROAD PROBLEM

NASHVILLE, Tenn., Oct. 7—Govenor Cox of Ohio Democratic presidential candidate formally accepted tonight the league of nations issue as stated by Sentaor Harding, his Republican opponent referring to the senator's Des Moines speech today denouncing the present league. Governor Cox declared in an address:

"Now he's against the league; I'm for the league."

Nashville, Tenn., Oct. 7—The league of nations was the main theme of Governor of Ohio in his travels through Kentucky and Tennesee.

"I favor in going in," the Democratic presidential candidate repeated vigorously in today's campaign of eight speeches, closing with a large meeting here tonight in the Ryman Auditorium.

Governor Cox advanced what he termed "practical" as well as moral arguments for American membership in the league. Reiterating that it was a pledge to Americans who participated in the war, the governar declared that its disarmanent provisions could save the nation $465,000,000 next year. The league would renew European credit for purchase of American products he stated.

Will Save Lots of Money.

"Next year, if we go into the league of nations," said the governor, "we can save $465,000,000 you can reclaim twenty million acres of arid land in the west. I am in favor of giving every soldier a farm and a home of his own if he wants to try it out there in that great promising country. If he doesn't want that then I am in favor of the four-fold plan, which was recommended by the American Legion.

A further statement on the railroad question was made by Governor Cox here tonight. He disagreed with Senator Harding, his republican opponent whom the governor said apparentld approved existing conditions. The democratic candidate declared that railroad matters were in the experimental stage and that the people should have the right to determine their policies through congress.

The Railroad Problem.

On this question the governor said:

"During the temporary lull in active campaigning, I have been giving intensive study to the railroad situation. Through the great grain fields of the west found universal disquietude where shortage and transportation difficulties in general. Upon my return to Ohio I found that because of the same condition that state, a grent producer of coal, faces a potentially serious coal shortage.

"In my study of the railroad problem I have conferred with representative of the former railroad administration with members of the interstate commerce commission with managing boards and traffic managers of railroads and with spokesmen for the orgnized railway employes. I am disposed to totally disagree with the expression of Senator Harding who, in his speech of September 13, to lend entire approval to the existing status quo.

My opinion is that the matter is entirely in an experimental stage. I believe that the people of a democracy have the right to determine their own policies and when the policies are expressed through their representatives in congress I shall do all in my power to render them effectual Until their expression is had however, nothing of a definite nature can be accomplished.

"That reactionary newspapers" were engaged in stifling news of the campaign was a charge repeated by Governor Cox. "Millions and millions of dollars have been used to purchase democratic and progressive papers," he added.

KANSAS CITY, Oct. 7.—Senator James A. Reed of Missouri issued a statement tonight declaring that "presumptively the only copies of the original stenographic notes of the Paris peace confernece in this country are at this minute in the hands of the state department under lock and key."

FILENE TELLS OF PRESENT CONDITIONS THRUOUT EUROPE

Says That United States Must Help to Solve Problems

ENGLAND MOST PROSPEROUS COUNTRY

BOSTON, Oct. 7.—Edward A. Filene, former chairman of the war shipping commission, reported to the chamber of commerce today his observations during a four months' tour of the countries of Europe except Russia. In all with the exception of England he found conditions which could be remedied he said, only by international cooperation in which the United States could take a part. France, he found torn by conicting emotions—a desire to secure the indemnity which she needs and a fear lest in permitting Germany to gain the econonic power necessary to pay the indemnity she would create a rival who would later crush her.

In Germany, Mr. Filene said there was general agreement that until the indemnity was fixed no real progress towards German industrial reconstruction could be made.

Reporting on a study of industrial and labor conditions in Germany Mr. Filene said he found the number of unemployed had grown extra-ordinarily since May and was increasing.

Reviews Disturbances.

The speaker reviewed recent industrial disturbances in Italy and said the present situation in Italy is dominated by the orbanied workers and the government, if it wishes to survive can do little more than follow where the radicals are leading.

Mr. Filene referred to Austria as a "country apparently doomed to die" because it is not self-supporting and is "ringed about by small treaty-made republics.

The Czech-Slovak republic, he described as having "nearly all that the present Austria has not."

England is more prosperous than any of the European nations, Mr. Filene said. He got the impression there, that Englishmen are "willing to do all they can to get every nation at work again as soon as possible.

BORAH ENDORSES HARDING'S ADDRESS

Says if Republicans Are Put in Power Will be no oCmbination With Any European or Asiatic Power.

HARTFORD, Conn., Oct. 7.—Senator William E. Borah of Iraho, tonight gave his complete endorsement of Senator Warren G. Harding's Des Moines address in which the Republican presidential nominee declared himself against the league of nations.

Senator Borah in answering a question said:

"While I have no authority to speak for the entire Republican party, my honest belief is that if the Republicans are put into power there will be no political combination of any kind with any European or Asiatic power."

PRISON OFICIALS SEARCH FOR PRISONER

Michigan City, Ind., Oct. 7.—A posse of police, prison guards and specially sworn deputies today continued the search for John Vaughn, 50, a life prisoner at the Indiana state prison, who yesterday escaped, taking with him, it was believed, Walter Young, a school boy.

Vaughn, who was sentenced to life for a moron crime has been a trusty for 13 years. His good conduct had given prison officials such confidence in him that he was placed in charge of the building, some distance from the prison.

NATIONAL LEAGUE OF WOMEN VOTERS MEETS OPPOSITION

The Leaders are Divided on the Question of Affiliation

OPPONENTS SAY WILL HURT PARTY POLITICS

CHICAGO, Oct. 7—Decision to oppose the formation of a branch in Illinois of the National League of Women oters was reached at a conference today of a group of delgates here attending the final conventions of the Illinois Equal Suffrage Association.

The question of affiliation with the voters' league is to be considered at tomorrow's session following the reading out of existence the suffrage association at a banquet tonight.

Opponents of the plan to affiliate with the voters' league of which Mrs. Maud Wood Park is president and which was organized in Chicago last year declared ht he merging of the suffrage association into the non-partisan league would seriously injure all party politics in the state.

Mrs. George Bass and Mrs. Medill McCormick were chosen leaders of the opposition. James Hamilton Lewis, Len Small, Mrs. Grace Wilbur Trout, Mrs. George A. Soden and Mrs. Harriett Taylor Treatwell were among speakers and guests of honor at the banquet tonight, held in celebration of the national adoption of suffrage. The suffrage organization will give up its charter of incorporation at the conclusion of the convention. A charter for the league of women voters it was announced has been t aken out, not by the organization itself, but by Mrs. Grace Wilbur Trout, Mrs. J. W. McGraw and Mrs. Charles Nagelley.

S. SMITH WINS PLACE IN WORLD'S SERIES HALL OF FAME

Brooklyn Left Hander Holds Cleveland to Three Hits

AMERICAN LEAGUERS HELPLESS BEFORE HIM

NEW YORK, Oct. 7.—Sherrod Smith, Brooklyn's southpaw hurling ace, pitched himself into a place into the World's Series Hall of Fame today when he held Cleveland helpless in the third game of the superpennant struggle which the national leaguers won to 1.

Smith who migh aptly be termed the "stormy petrel" of baseball from the fact that his connection with the Robins is the thirteenth since his debut on the professional diamond, found this circumstance neither a hoodoo or a handicap. Any jinx hovering around the twirler found lodgment in the ball which baffled the desperate efforts of the Indian war club swingers thruout the entire nine innings.

Smith Hurls Great Game.

Smith, whose hurling today easily won him a place among the stars of the baseball classic such as Mathewson, Coombs, McGinnity and Bender of ancient series was supported by his teammates in a manner which fully equalled the best exhibition of fielding seen in many similar conflicts.

It was almost impossible for the Cleveland batters to get a drive thru the combinations wrich shifted with lightning speed from place to place wherever the ball was hit. Three hits only were made off the winning hurler and of these Catcher Steven O'Neill gathered in two and Manager Speaker one.

Speaker made his hit, a double, in the fourth, O'Neill followed with a single in the fifth and the ninth innings.

Should Have Had Shutout.

If Zack Wheat had played Speaker's double safely, Smith would have been a world's series shutout. Of the 28 Indians who faced the lefthander only five reached first. Of these three arrived on hits and two on passes. Speaker scored on an error, two were left on base, and O'Neill was once the victim of a double play and Jamieson who ran for him in the eighth inning met a similar fate. Smith hurled 109 balls up to the visitors of which 29 were strikes, 41 balls, 8 foul strikes, 5 fouls, 5 field outs and 18 ground outs.

Brooklyn batted its way to victory in the first inning by falling on the puny offerings of Ray Caldwell as soon as he took his place on the mound. What Manager Speaker saw in Caldwell's curves when the latter warmed up, will always be a mystery. Certainly the lanky former Yankee had nothing but deliberation after he entered the box. A base on balls, an error and two hits netted the Superbas the two runs that won the game before Speaker could wig-wag Ray away and replace him by Duster Mails. The former Robin was not an easy proposition and backed up by some splendid fielding prevented any further scoring. But with the Brooklyn port sider going at the pace he had set for himself the initial inning silp of the Cleveland combination was his undoing.

In many respects the game measured up to the very best contest seen in any world's series in many years.

Each Side Makes Error.

The contest, altho marred by two errors evenly divided, fairly scintillated with brilliant individual and combination defensive plays which brought the thousands of spectators to their feet repeatedly.

It was the first contest to be played in real baseball weather and the fans showed the effects of the more suitable setting. Not a cloud obscured the sun and ony a lazy breeze disturbed the Indian summer haze.

The baseball fireworks opened in the second inning when Right Fielder Griffith made a great running catch off Joe Wood's bat that robbed the Cleveland outfielder of a sure double. A moment later Konetchy knocked down Sewell's blazing slash and retired him at first with a snap throw to Smith. Both players were required to doff their caps repeatedly as they came to the bench. In the third Konetchy and Kilduff figured in another star play. O'Neill's smash fairly tore its way thru the hands of the Robins' first sacker but the ball was deflected by Konetchy's efforts to stop it and shot off toward Kilduff who scooped it up and flung it back to Smith who had rushed over to cover the bag.

Again in the fifth session, the Brooklyn infield figured in a fast double play. Olson knocked down Mails' drive and recovering his balance with an effort tossed the ball to Kilduff, forcing O'Neill at

HARDING GREETED WITH ENTHUSIASM ON TRIP THRU IOWA

Urged That the Nation Stay Out of the Versailles League of Nations—Warns Against Over Zealous Law and Order Crusades—Must Not Try to Control Thought of Men

OMAHA, Neb., Oct. 7.—On the farthest westward swing of his campaigning, Senator Harding urged today that the nation stay out of the Versailles league of nations altogether and reject the obligations of the league covenant.

Declaring that clarifying reservations would never meet the requirements of national security, the Republican nominee put before the voters of Iowa and Nebraska a direct issue of accepting or declining membership in the league.

"I do not want to clarify those obligations,' he said, "I want to turn my back on them. It is not interpretation but rejection that I am seeking. I understand the position of the Democratic nominee and he understands mine. In simple words it is that he favors going into the Paris eague and I favor staying out.'

The senator's declaration on the league was made at a forenoon gathering at Des Moines, and later was repeated at several smaller Iowa cities and at a night meeting in Omaha. In both Des Moines and Omaha thousands cheered the nominee thru the streets and thousands more turned out to see him during the day as his train crossed Iowa. He left his private car to make prepared addresses in the Iowa capital and here.

The other Iowa cities in which he spoke were Newton, Earlham, Dexter, Stuart, Menlow, Casey, Adair, Anita, Atlantic, Walnut, Avoca, Shelby, Neola and Council Bluffs. Senator Albert Cummins who is a candidate for re-election accompanied the presidential nominee and in each of his speeches the latter asked for Mr. Cummins' election.

Carries on Colloquy.

At the Des Moines meeting the nominee carried on a colloquy with several men in the crowd who asked him questions about international policies. In the course of the discussion he outlined his position on the Irish question, declared American soldiers in Germany should be brought home as quickly as possible, repeated his belief that no separate peace with Germany would be necessary and declared the nation would be guilty of the "grossest dishonesty" if it assumed thte obligations of the league and then refused to furnish troops at the league's call.

Pledging himself to law and enforcement, the senator worned in his speech here tonight against overzealous law and order crusades and against the iron hand of czarism.

In the methods of those in authority. By a little more generous attiude toward minorities, he said, the government could quiet discontent and to keep the agitators within bounds.

The candidate also declared his opposition to wholesale pardons for political prisoners and reiterated his faith in the practice of deporting undesirable aliens.

Zealots Become Menace to Peace.

"Sometimes there are those zealous for law and order," he said. "that their words and acts in behalf of our institution constitute a serious breach of our laws Then the self-termed devotees of law and order themselves become menacing to our peace. I have been asked many times whether I would grant general amnesty to political prisoners. I would not. A general grant of amnesty to political prisones is no more justified than a general grant of emnesty to yeggmen.

"None of us can deny that in emergencies of which war is one, there is an uuusual pressure for the conviction and punishment of men and women who appear to be thwarting our joint efforts. But these are cases which must be examined each upon its merits.

"Many persons have fallen into error in regard to the practice of deportation of undesirable aliens. I would like to make those persons see that if we may justly stop the undesirable alien as he attempts to enter our country so also we have the right to lead him forth and send him away when he has become a menace to our country after his entry into it.

"I stand against terrorism and abuse and brutality. When I say that I am against terrorism I am on the side once more of law and order. Not only is police-frightfulness and night stick brutality and third-degree oppression unlawful in itself, but I know of nothing which can so destroy the love which America must in the end awaken in the hearts of those who may learn to undertsand her.

Must Not Countenance Czarism

"We shall not give countenance to those who would force upon America the iron hand of Czarism. We must not make the mistake of believing that it is possible for authority to control the thoughts of men.

"I believe that the wisest governments which the world has known have found that much error evaporates under exposure to the air. I believe that one of the best ways to create in discontented men and women the conviction that they are wrong, is for authority to be a little more generous than simply just and right.

"Let no one believe that, because I have stated my condemnation of terrorism I will fail to draw a line beyond which no man or woman in America may go with out paying the penalty for their treachery.

"I think the voice of America will say that we must adjust our laws as to treason, sedition and agitation against our institutions so that these laws will conform to the American spirit of a United America which all men and women may learn to love."

MANY KILLINGS IN IRELAND AND FEW ARE APPREHENDED

Can Get No One to Testify Against the Guilty Parties

MANY CASUALTIES AMONG POLICE

DUBLIN, Oct. 7.—(By The A. P.)—Dublin Castle this afternoon gave out a list of outstanding "offenses" from Jan. 1 to the week ending Oct. 2. It was accompanied by the statement that it was "a significant fact that for all the murders and shootings of police the numbers of perpetrators apprehended could be counted on the fingers of one hand."

"In this fact," the statement adds, "might be found the motive for reprisals. The authorities cannot get the men responsible or if they do they get off thru hunger striking or clemency of the government. No one can be found to testify against them. Many of the police feel that drumhead justice is the only way to deal with them."

The list of offenses follows:

"Court houses destroyed, 63; royal Irish constabulary barracks destroyed, 504; royal Irish constabulary barracks damaged, 168; raids on mails, 646; raids on cost guard stations and lighthouses, 38.

"Raids for arms reported, 2,075 (many of these raids do not come to the knowledge of the police) police killed, 149; police wounded, 174; soldiers killed, 16; soldiers wounded, 61; civilians killed, 27. These figures do not include the casualties in the Ulster riots in uJly and September."

The bulletin says the police casualties in these attacks were eight killed and 33 wounded and that the attacking parties lost seven men killed and 37 wounded.

THINK PRISONER WILL RETURN

MICHIGAN CITY, Oct. 7.—Prison officials here tonight expressed the opinion that John Vaughn, aged 50, life prisoner at the Indiana State prison who escaped yesterday would return. Warden E. J. Forgarty declared that Vaughn who was accompanied by Walter Young, 13 year odl school boy probably will wander back.

The warden also expressed the opinion that the boy, possessing the stronger mind of the two "led him away rather than that he kidnapped the boy."

VOL. 54—NO. 243 JACKSONVILLE, ILLINOIS, FRIDAY MORNING, OCTOBER 8, 1920 FOURTEEN PAGES—THREE CENTS

ROGERS GIVES OUT OFFICIAL FIGURES OF LAST CENSUS

Increase of 14.9 Per Cent in Past Ten Years Against 21 Per Cent Ten Years Previous—War and Influenza Cause of Falling Off in Growth—Trend of Population to Cities

WASHINGTON, Oct. 7.—Director Rogers of the census bureau in making the announcement of the country's population this afternoon said that the final official population as transmitted to congress in December for apportionment purposes, was not likely to be greatly different.

"The population of the United States as announced today," said Mr. Rogers, "is 105,683,108, as compared with a total in 1910 of 91,972,266 and in 1900 of 75,994,575. This is an increase since 1910 of 13,710,842, or 14.9 per cent as compared with an increase from 1900 to 1910 of 15,977,691, or 21 per cent.

"The large falling off in the rate of growth as shown by these figures is due mainly to an almost complete cessation of immigration for more than five years and in some degree also to an epidemic of influenza and to the casualties resulting in the World War.

"The results of the census of population in 1920 may seem somewhat disappointing and open to question but the substantial accuracy of the enumeration is borne out by comparison with estimates based upon the probable excess of births over deaths thruout the decade and the excess of immigration over emigration.

"It may be roughly estimated that the annual excess of births over deaths thruout the United States is approximately one per cent. This rate compounded would indicate an increase of approximately 10.5 per cent during the decade. Thus, the nearly 92,000 persons present in the United States in 1910 might be expected to increase to about 101,700 in 1920."

It may be estimated that the increase due to excess of births over deaths in immigrant families was about 10 per cent. Thus the population may be assumed to have been augmented by about 4,100,000. The two estimates indicate a probable population of 105,800,000 or only a fraction of one per cent over the total shown by the 14th census.

Today's total does not include the populations of outlying possesions which will be announced as the figures for Alaska and the military and naval forces abroad are tabulated. It is estimated, however, that those possessions have 12,250,000 inhabitants, so the total number of people living under the American Flag is in round numbers 118,000,000.

Trend Is to the Cities.

Director Rogers of the census bureau in his statement noted that the trend of population from the country to the city had been greatly accentuated since 1910. For the first time in the country's history it said more than half the entire population was now living in urban territory.

Preliminary tabulations, Mr. Rogers said, showed that 54,816,209, or 51.9 per cent of the people were living in incorporated places of 2,500 inhabitants, or more, and 50,866,899 or 48.1 in rural territory. This situation was clearly reflected in the figures as to farms in the country which also were made public today. These placed the total of farms at 6,458,996, an increase of only 98,496, or 1.5 per cent in ten years as against an increase of 624,130, or 10.9 per cent during the decade ended in 1910.

Revised figures for a number of cities and counties are yet to be announced but the main work of the 1920 census is completed after nine months of labor.

The percentages of increases shown for the several states vary greatly due in part to the causes which have been noted as affecting the increases in the population of the country as a whole, but also in part to the abnormal internal movement of population required to meet the excessive demands of the war work in certain sections. For three states—Mississippi, Nevada and Vermont—there have been small decreases in population, the largest being for Nevada 5.5 per cent.

CHARGES DUMMIES USED TO CONCEAL CONTRIBUTIONS

Committee Established Existence of $5,000 Note

DAYTON MAN SAYS $37,000 RAISED

DAYTON, O., Oct. 7.—Use of dummies to conceal the source of contributions to a $37,000 campaign fund used in the gubernatorial election of Governor Cax, Democratic presidential candidate, in 1916, was charged in testimony here today before a senate subcommittee composed of Senatr Pomerene, Democrat, Ohio, and Senator Edge, Republican, New Jersey.

Tho the inquiry primarily was to ascertain the disposition of proceeds of a $5,000 note alleged to have been given by Governor Cox, August 17, 1917, to the City National Bank f Dayton and paid by the Dayton Metal Products Co., June 29, 1919, the committee proceeded no further than to establish the existence of the note and its payment.

Thru Adam Schantz, a member of the Dayton flood prevention committee, it was brought out that a $37,000 fund had been subscribed to help elect Governer Cox as Mr. Schantz expressed it, "for the purpose of preserving the law (conservancy law) thru Governor Cox." This money was to be used in furthering protection of the conservatory law enacted as a flood prevention measure for the Miami Valley.

MR. WHITE INVITES REPUBLICANS TO JOIN

Says Harding Has Rejected League of Nations—Makes Clear Cut Issue.

New York, Oct. 7.—George White, chairman of the Democratic national cammittee tday invited Republican men and women who believe in the league of nations to join with the Democratic party and preserve the only plan ever devised to discourage war.

In a public statement Mr. White said:

"Definitely, utterly, Senator Harding has rejected the league of nations and the whole idea and aspiration that gave it birth. In words which cannot be misunderstood or retracted he has announced that the United States if he is elected shall not join in a world contract to prevent outlaw nations and rulers henceforth from disturbing the peace of the world.

"This makes a clear-cut issue. I have hoped for this from the first. We shall now have an unmistakable referendum on this great question."

ARMED MEN ATTACK BARRACKS

DUBLIN, Oct. 7.—The police barracks at Feakle East Clare were attacked today by a large body of armed men. Constable William Stanley was shot dead and Sergeant Doherty severely wounded.

JOIN LEAGUE OF NATIONS WILL SAVE $465,000,000 - COX

Would Give Former Soldiers Farm if it is Desired

HAS STUDIED THE RAILROAD PROBLEM

NASHVILLE, Tenn., Oct. 7—Govenor Cox of Ohio, Democratic presidential candidate formally accepted tonight the league of nations issue as stated hy Sentaor Harding, his Republican opponent referring to the senator's Des Moines speech today denouncing the present league, Governor Cox declared in an address:

"Now he's against the league; I'm for the league."

Nashville, Tenn., Oct. 7—The league of nations was the main theme of Governor of Ohio in his travels through Kentucky and Tennesee.

"I favor in going in," the Democratic presidential candidate repeated vigorously in today's campaign of eight speeches, closing with a large meeting here tonight in the Ryman Auditorium.

Governor Cox advanced what he termed "practical" as well as moral arguments for American membership in the league. Reiterating that it was a pledge to Americans who participated in the war, the governar declared that its disarmanent provisions could save the nation $465,000,000 next year. The league would renew European credit for purchase of American products he stated.

Will Save Lots of Money.

"Next year, if we go into the league of nations," said the governor, "we can save $465,000,000 you can reclaim twenty million acres of arid land in the west. I am in favor of giving every soldier a farm and a home of his own if he wants to try it out there in that great promising country. If he doesn't want that then I am in favor of the fourfold plan, which was recommended by the American Legion.

A further statement on the railroad question was made by Governor Cox here tonight. He disagreed with Senator Harding, his republican opponent whom the governor said apparentld approved existing conditions. The democratic candidate declared that railroad matters were in the experimental stage and that the people should have the right to determine their policies through congress.

The Railroad Problem.

On this question the governor said:

"During the temporary lull in active campaigning, I have been giving intensive study to the railroad situation. Through the great grain fields of the west found universal disquietude where shortage and transportation difficulties in general. Upon my return to Ohio I found that because of the same condition that state, a great producer of coal, faces a potentially serious coal shortage.

"In my study of the railroad problem I have conferred with representative of the former railroad administration with members of the interstate commerce commission with managing boards and traffic managers of railroads and with spokesmen for the orgnized railway employes. I am disposed to totally disagree with the expression of Senator Harding who, in his speech of September 13, to lend entire approval to the existing status quo.

My opinion is that the matter is entirely in an experimental stage. I believe that the people of a democracy have the right to determine their own policies and when the policies are expressed through their representatives in congress I shall do all in my power to render them effectual Until their expression is had however, nothing of a definite nature can be accomplished.

"That reactionary newspapers" were engaged in stifling news of the campaign was a charge repeated by Governor Cox. "Millions and millions of dollars have been used to purchase democratic and progressive papers," he added.

The miles were made in 2:03; 2:02 3-4, 2:02 1-2.

KANSAS CITY, Oct. 7.—Senator James A. Reed of Missouri issued a statement tonight declaring that "presumptively the only copies of the original stenographic notes of the Paris peace confernece in this country are at this minute in the hands of the state department under lock and key."

FILENE TELLS OF PRESENT CONDITIONS THRUOUT EUROPE

Says That United States Must Help to Solve Problems

ENGLAND MOST PROSPEROUS COUNTRY

BOSTON, Oct. 7.—Edward A. Filene, former chairman of the war shipping commission, reported to the chamber of commerce today his observations during a four months' tour of the countries of Europe except Russia. In all with the exception of England he found conditions which could be remedied he said only by international cooperation in which the United States could take a part. France, he found torn by conicting emotions—a desire to secure the indemnity which she needs and a fear lest in permitting Germany to gain the econonic power necessary to pay the indemnity she would create a rival who would later crush her.

In Germany, Mr. Filene said there was general agreement that until the indemnity was fixed no real progress towards German industrial reconstruction could be made.

Reporting on a study of industrial and labor conditions in Germany Mr. Filene said he found the number of unemployed had grown extra-ordinarily since May and was increasing.

Reviews Disturbances.

The speaker reviewed recent industrial disturbances in Italy and said the present situation in Italy is dominated by the orbanled workers and the government, if it wishes to survive can do little more than follow where the radicals are leading.

Mr. Filene referred to Austria as a "country apparently doomed to die" because it is not self-supporting and is "ringed about by small treaty-made republics.

The Czech-Slovak republic, he described as having "nearly all that the present Austria has not."

England is more prosperous than any of the European nations, Mr. Filene said. He got the impression there, that Englishmen are "willing to do all they can to get every nation at work again as soon as possible.

BORAH ENDORSES HARDING'S ADDRESS

Says if Republicans Are Put in Power Will be no oCmbination With Any European or Asiatic Power.

HARTFORD, Conn., Oct. 7.—Senator William E. Borah of Iraho, tonight gave his complete endorsement of Senator Warren G. Harding's Des Moines address in which the Republican presidential nominee declared himself against the league of nations.

Senator Borah in answering a question said:

"While I have no authority to speak for the entire Republican party, my honest belief is that if the Republicans are put into power there will be no political combination of any kind with any European or Asiatic power."

PRISON OFICIALS SEARCH FOR PRISONER

Michigan City, Ind., Oct. 7.—A posse of police, prison guards and specially sworn deputies today continued the search for John Vaughn, 50, a life prisoner at the Indiana state prison, who yesterday escaped, taking with him, it was believed, Walter Young, a school boy.

Vaughn, who was sentenced to life for a moron crime has been a trusty for 13 years. His good conduct had given prison officials such confidence in him that he was placed in charge of the building, some distance from the prison.

NATIONAL LEAGUE OF WOMEN VOTERS MEETS OPPOSITION

The Leaders are Divided on the Question of Affiliation

OPPONENTS SAY WILL HURT PARTY POLITICS

CHICAGO, Oct. 7—Decision to oppose the formation of a branch in Illinois of the National League of Women oters was reached at a conference today of a group of delgates here attending the final conventions of the Illinois Equal Suffrage Association.

The question of affiliation with the voters' league is to be considered at tomorrow's session following the reading out of existence the suffrage association at a banquet tonight.

Opponents of the plan to affiliate with the voters' league of which Mrs. Maud Wood Park is president and which was organized in Chicago last year declared ht he merging of the suffrage association into the non-partisan league would seriously injure all party politics in the state.

Mrs. George Bass and Mrs. Medill McCormick were chosen leaders of the opposition. James Hamilton Lewis, Len Small, Mrs. Grace Wilbur Trout, Mrs. George A. Soden and Mrs. Harriett Taylor Treatwell were among speakers and guests of honor at the banquet tonight, held in celebration of the national adoption of suffrage. The suffrage organization will give up its charter of incorporation at the conclusion of the convention. A charter for the league of women voters it was announced has been t aken out, not by the organization itself, but by Mrs. Grace Wilbur Trout, Mrs. J. W. McGraw and Mrs. Charles Nagelley.

S. SMITH WINS PLACE IN WORLD'S SERIES HALL OF FAME

Brooklyn Left Hander Holds Cleveland to Three Hits

AMERICAN LEAGUERS HELPLESS BEFORE HIM

NEW YORK, Oct. 7.—Sherrod Smith, Brooklyn's southpaw hurling ace, pitched himself into a place into the World's Series Hall of Fame today when he held Cleveland helpless in the third game of the superpennant struggle which the national leaguers won to 1.

Smith who migh aptly be termed the "stormy petrel" of baseball from the fact that his connection with the Robins is the thirteenth since his debut on the professional diamond, found this circumstance neither a hoodoo or a handicap. Any jinx hovering around the twirler found lodgment in the ball which baffled the desperate efforts of the Indian war club swingers thruout the entire nine innings.

Smith Hurls Great Game.

Smith, whose hurling today easily won him a place among the stars of the baseball classic such as Mathewson, Coombs, McGinnity and Bender of ancient series was supported by his teammates in a manner which fully equalled the best exhibition of fielding seen in many similar conflicts.

It was almost impossible for the Cleveland batters to get a drive thru the combinations wrich shifted with lightning speed from place to place wherever the ball was hit. Three hits only were made off the winning hurler and of these Catcher Steven O'Neill gathered in two and Manager Speaker one.

Speaker made his hit, a double, in the fourth, O'Neill followed with a single in the fifth and the ninth innings.

Should Have Had Shutout.

If Zack Wheat had played Speaker's double safely, Smith would have been a world's series shutout. Of the 28 Indians who faced the lefthander only five reached first. Of these three arrived on hits and two on passes. Speaker scored on an error, two were left on base, and O'Neill was once the victim of a double play and Jamieson who ran for him in the eighth inning met a similar fate. Smith hurled 109 balls up to the visitors of which 29 were strikes, 41 balls, 8 foul strikes, 5 fouls, 5 field outs and 18 ground outs.

Brooklyn batted its way to victory in the first inning by falling on the puny offerings of Ray Caldwell as soon as he took his place on the mound. What Manager Speaker saw in Caldwell's curves when the latter warmed up, will always be a mystery. Certainly the lanky former Yankee had nothing but deliberation after he entered the box. A base on balls, an error and two hits netted the Superbas the two runs that won the game before Speaker could wig-wag Ray away and replace him by Duster Mails. The former Robin was not an easy proposition and backed up by some splendid fielding prevented any further scoring. But with the Brooklyn port sider going at the pace he had set for himself the initial inning silp of the Cleveland combination was his undoing.

In many respects the game measured up to the very best contest seen in any world's series in many years.

Each Side Makes Error.

The contest, altho marred by two errors evenly divided, fairly scintillated with brilliant individual and combination defensive plays which brought the thousands of spectators to their feet repeatedly.

It was the first contest to be played in real baseball weather and the fans showed the effects of the more suitable setting. Not a cloud obscured the sun and ony a lazy breeze disturbed the Indian summer haze.

The baseball fireworks opened in the second inning when Right Fielder Griffith made a great running catch off Joe Wood's bat that robbed the Cleveland outfielder of a sure double. A moment later Konetchy knocked down Sewell's blazing slash and retired him at first with a snap throw to Smith. Both players were required to doff their caps repeatedly as they came to the bench. In the third Konetchy and Kilduff figured in another star play. O'Neill's smash fairly tore its way thru the hands of the Robins' first sacker but the ball was deflected by Konetchy's efforts to stop it and shot off toward Kilduff who scooped it up and flung it back to Smith who had rushed over to cover the bag

Again in the fifth session, the Brooklyn infield figured in a fast double play. Olson knocked down Mails' drive and recovering his balance with an effort tossed the ball to Kilduff, forcing O'Neill at

HARDING GREETED WITH ENTHUSIASM ON TRIP THRU IOWA

Urged That the Nation Stay Out of the Versailles League of Nations—Warns Against Over Zealous Law and Order Crusades—Must Not Try to Control Thought of Men

OMAHA, Neb., Oct. 7.—On the farthest westward swing of his campaigning, Senator Harding urged today that the nation stay out of the Versailles league of nations altogether and reject the obligations of the league covenant.

Declaring that clarifying reservations would never meet the requirements of national security, the Republican nominee put before the voters of Iowa and Nebraska a direct issue of accepting or declining membership in the league.

"I do not want to clarify those obligations,' he said, "I want to turn my back on them. It is not interpretation but rejection that I am seeking. I understand the position of the Democratic nominee and he understands mine. In simple words it is that he favors going into the Paris eague and I favor staying out.'

The senator's declaration on the league was made at a forenoon gathering at Des Moines, and later was repeated at several smaller Iowa cities and at a night meeting in Omaha. In both Des Moines and Omaha thousands cheered the nominee thru the streets and thousands more turned out to see him during the day as his train crossed Iowa. He left his private car to make prepared addresses in the Iowa capital and here.

The other Iowa cities in which he spoke were Newton, Earlham, Dexter, Stuart, Menlow, Casey, Adair, Anita, Atlantic, Walnut, Avoca, Shelby, Neola and Council Bluffs. Senator Albert Cummins who is a candidate for re-election accompanied the presidential nominee and in each of his speeches the latter asked for Mr. Cummins' election.

Carries on Colloquy.

At the Des Moines meeting the nominee carried on a colloquy with several men in the crowd who asked him questions about international policies. In the course of the discussion he outlined his position on the Irish question, declared American soldiers in Germany should be brought home as quickly as possible, repeated his belief that no separate peace with Germany would be necessary and declared the nation would be guilty of the "grossest dishonesty" if it assumed thte obligations of the league and then refused to furnish troops at the league's call.

Pledging himself to law and enforcement, the senator worned in his speech here tonight against overzealous law and order crusades and against the iron hand of czarism.

In the methods of those in authority. By a little more generous attiude toward minorities, he said, the government could quiet discontent and to keep the agitators within bounds.

The candidate also declared his opposition to wholesale pardons for political prisoners and reiterated his faith in the practice of deporting undesirable aliens.

Zealots Become Menace to Peace.

"Sometimes there are those zealous for law and order," he said. "that their words and acts in behalf of our institution constitute a serious breach of our laws Then the self-termed devotees of law and order themselves become menacing to our peace. I have been asked many times whether I would grant general amnesty to political prisoners. I would not. A general grant of amnesty to political prisones is no more justified than a general grant of emnesty to yeggmen.

"None of us can deny that in emergencies of which war is one, there is an uuusual pressure for the conviction and punishment of men and women who appear to be thwarting our joint efforts. But these are cases which must be examined each upon its merits.

"Many persons have fallen into error in regard to the practice of deportation of undesirable aliens. I would like to make those persons see that if we may justly stop the undesirable alien as he attempts to enter our country so also we have the right to lead him forth and send him away when he has become a menace to our country after his entry into it.

"I stand against terrorism and abuse and brutality. When I say that I am against terrorism I am on the side once more of law and order. Not only is police-frightfulness and night stick brutality and third-degree oppression unlawful in itself, but I know of nothing which can so destroy the love which America must in the end awaken in the hearts of those who may learn to undertsand her.

Must Not Countenance Czarism

"We shall not give countenance to those who would force upon America the iron hand of Czarism. We must not make the mistake of believing that it is possible for authority to control the thoughts of men.

"I believe that the wisest governments which the world has known have found that much error evaporates under exposure to the air. I believe that one of the best ways to create in discontented men and women the conviction that they are wrong, is for authority to be a little more generous than simply just and right.

"Let no one believe that, because I have stated my condemnation of terrorism I will fail to draw a line beyond which no man or woman in America may go with out paying the penalty for their treachery.

"I think the voice of America will say that we must adjust our laws as to treason, sedition and agitation against our institutions so that these laws will conform to the American spirit of a United America which all men and women may learn to love."

MANY KILLINGS IN IRELAND AND FEW ARE APPREHENDED

Can Get No One to Testify Against the Guilty Parties

MANY CASUALTIES AMONG POLICE

DUBLIN, Oct. 7.—(By The A. P.)—Dublin Castle this afternoon gave out a list of outstanding "offenses" from Jan. 1 to the week ending Oct. 2. It was accompanied by the statement that it was "a significant fact that for all the murders and shootings of police the numbers of perpetrators apprehended could be counted on the fingers of one hand."

"In this fact," the statement adds, "might be found the motive for reprisals. The authorities cannot get the men responsible or if they do they get off thru hunger striking or clemency of the government. No one can be found to testify against them. Many of the police feel that drumhead justice is the only way to deal with them."

The list of offenses follows:

"Court houses destroyed, 63; royal Irish constabulary barracks destroyed, 504; royal Irish constabulary barracks damaged, 168; raids on mails, 646; raids on cost guard stations and lighthouses, 38.

"Raids for arms reported, 2,075 (many of these raids do not come to the knowledge of the police) police killed, 149; police wounded, 174; soldiers killed, 16; soldiers wounded, 61; civilians killed, 27. These figures do not include the casualties in the Ulster riots in uJly and September."

The bulletin says the police casualties in these attacks were eight killed and 33 wounded and that the attacking parties lost seven men killed and 37 wounded.

THINK PRISONER WILL RETURN

MICHIGAN CITY, Oct. 7.—Prison officials here tonight expressed the opinion that John Vaughn, aged 50, life prisoner at the Indiana State prison who escaped yesterday would return. Warden E. J. Forgarty declared that Vaughn who was accompanied by Walter Young, 13 year old school boy probably will wander back.

The warden also expressed the opinion that the boy, possessing the stronger mind of the two "led him away rather than that he kidnapped the boy."

GERMAN-AMERICAN CONFERENCE.

If anyone ever seriously supposed that the Bureau of Enemy Psychology had really closed its doors in Berlin and ceased to opate in the United States and elsewhere, the questionnaire which is now being sent out to candidates for congress by the National German American Conference would surely convince him that he was wrong, says the Christian Science Monitor. In many respects it is a singularly beautiful document, as is also the telegram dispatched by the secretary of the conference, Mr. Viereck, to the presidential candidate, Governor Cox. The passion for pure Americanism which breathes through their documents is, to say the least of it, exalted and, surely, unquestionable. Could anything, for instance, be more praiseworthy than the following:

My message to Senator Harding of September 24 places on record beyond doubt or cavil, the fact that the German government favors the league of nations and that Americans of German descent oppose this contraption for the insurance of allied imperialism, not because, but in spite of their sympathy with their kinsmen across the seas. They denounce the league of nations and reject your blandishments because, in accordance with their oath of allegiance, they put America first.

The questionnaire describes it as the "British-made league of nations." So does the cat leap out of the bag.

RE-ADJUSTMENT.

Both the Salvation Army and the Knights of Columbus report that there are now in the large cities as many men seeking work as there are positions available and both these organizations are in a position to know the facts connected with the labor supply and demand as accurately as any similar organization in the country. This does not necessarily mean, however, that hard times are ahead, says the Pantagraph. As a matter of fact, there is every indication that the period of readjustment, the important stages of which are at hand, will be attended with somewhat less commercial and labor upset than any similar period thru which the country has ever passed. The Philadelphia Public Ledger feels that by November 11, Armistice Day, the figures will probably show that the country is much further along toward pre-war economic conditions than it has been at the corresponding period after the close of any previous disturbance of anything like the same proportions. Discussing this question, the Ledger says that the situation revealed by these employment bureaus indicates more than any other one thing that normal conditions are returning. Indirectly, it means that production will be greater and that the working-man will make a greater return in work for the high wages he has been receiving. It also indicates that the rush to the cities will be somewhat checked. The tionately large population in falast census showed a disproporvor of the cities as compared with the agricultural communities. This is not a good sign, for the welfare of the country depends first of all upon its farming interests—in other words, where the food for city and country alike is raised. After the war the statistics revealed that only about 10 ner cent of the soldiers from the farms returned to them. They were attracted by the number of opportunities for employment, the high wages paid and the easier hours. A negligible number of boys recruited from the cities went to the country. The result has been reflected in the census figures. The Knights of Columbus have issued a warning to young men from the agricultural districts to remain away from the cities, as a result of a three months' survey of the employment situation. As the Ledger comments, this is a wise move and the admonition should be obeyed. The findings of these two great organizations may sound discouraging; as a matter of fact, they are distinctly encouraging and point to a readjustment without serious upheaval.

Rippling Rhymes
By Walt Mason

THE RATTLESNAKE.

We were camped beside a lake, by a eucalyptus tree; someone hollered "There's a snake! It's a rattler! Hully chee!" Then we dropped our divers chores in the twinkling of an ear; sane and useful tasks are bores when a rattlesnake is near. And we formed a ring around, round the human race's foe, and our fingers clawed the ground for some boulders we might throw. And we threw, with bated breath, at five feet of writhing sin; battle, murder, sudden death, done up in a mottled skin! Rocks were flying, thick and fast, some thrown crooked, others straight; and the serpent, to the last, dared us with a deathless hate. He is Ishmael, this snake, with his rattles on behind, which, when playing tunes, can wake terrors in the bravest mind. Harried to the barren lands, driven from the fild and farm, even snakes of other brands view the rattler with alarm. He has not a friend at court, where snake advocates appear, but he is a dead game sport, and a stranger to all fear. And I felt a sense of shame when we'd killed that mottled thing; we had played a tinhorn game, throwing boulders in a ring. And the recollection makes luke-warm pains slide down my neck; even when we're killing snokes sportsmanship should be on deck.

ROTARY CLUB LUNCHEON AT CHRISTIAN CHURCH

Members of the Rotary club are to have their weekly luncheon today at Central Christian church. The presence of so many delegates to the Anti-horse Thief Association convention necessitated a change from the Pacific hotel. Members look forward with interest to the meeting next week, when after the program an inspection trip is to be made to the tuberculosis sanatorium. The trustees of the sanatorium recently invited the Rotarian to make this trip.

Secretary Spink in his weekly letter gives the percentage of attendance in the contest which is now in progress between the various squads. This is the standing, the names of the captains being given:

Rowe, 92 per cent; Buhrer, 89 per cent; Hook, 89 per cent, Caldwell, 86 per cent; Ayers, 84 per cent.

WILL REORGANIZE HOCKKEY ASSOCIATION

Calumet, Mich.—The American Amateur Hockey association will be reorganized this year, with Calumet back in. Calumet refused to join the league last year and this action weakened the association considerably. The make-up of the circuit is not definitely known but it is believed it will include Calumet, Houghton, the two Soos and possibly St. Paul. The entry of St. Paul seems to be conditional on the formation of a league on the Iron ranges, possibly including Duluth, St. Paul, Hibbing and Eveleth. If this league is formed, arrangments will be made for a post season series between the two circuits.

Remember the farmers' institute, Franklin, Oct. 15 and 16.

FORMER RESIDENT WEDS CHICAGO GIRL

Marriage of Miss Anna Countiss to Tracy Alexander Announced

Announcements have been received in Jacksonville of the marriage of Miss Anna Countiss to Mr. John Tracy Alexander. The marriage was solemnized in Chicago, Tuesday, Oct. 5. The bride is the daughter of Mr. and Mrs. Robert Hayes Countiss and Mr. Alexander is a son of Mr. and Mrs. William D. Alexander, former residents of Jacksonville.

The young people will be at home after Dec. 1 at 1986 East Grand boulevard, Detroit, Mich. Mr. Alexander held a commercial position prior to the war time and then was in the overeseas service. He is now in business in Detroit.

Big dance every Saturday night given by the Chapin Dancing Club in old opera house. Best floor in the state. Music by George Graham's orchestra. Every one invited. Opera House, Chapin, Ill.

FAVORITE LODGE CONFERRED RANK

Favorite Lodge No. 376 Knights of Pythias conferred the rank of Knight on William Winchester and Virgil Flynn at the regular meeting Thursday evening. Two new cards for membership were received.

The lodge also voted to give $25 to Passavant hospital. F. M. Parks and M. M. Parks of Diergo Lodge No. 389 Harvey, were visitors.

Following the business session and work a social hour was enjoyed and refreshments were served.

SUPPER AT STATE STREET CHURCH

A supper was given at State Street Presbyterian church Thursday evening under the auspices of the Ladies Aid society, of which Mrs. W. D. Doying is president. About 150 people enjoyed the splendid supper served, which was provided by a committee under the supervisin of Mrs. C. A. Barnes, the chairman.

The supper was in the nature of a rally. The members of the church and their families enjoyed a good time in general. After some interesting remarks by the pastor Rev. W. H. Marbach, the assembly spent the evening in conversation.

WHITE HALL RESIDENCE BURNED THURSDAY NIGHT

White Hall, Oct. 7.—The residence of Mr. and Mrs. James Fraser was completely destroyed by fire between 7 and 8 o'clock this evening, the flames originating in a defective flue. The residence was located on Carlinville street near the junction with Carr, and was a substantial one. Mr. Fraser was away from home on an errand and Mrs. Frazer, wro was confined to the house by illness, gave the alarc. Neighbors quickly responded and succeeded in carrying out all the furniture. The owner was without insurance, the same having expired about two weeks since. The loss is estimated at $3,000.

SPOKE IN INTEREST OF FARMER-LABOR PARTY

Duncan McDonald, Candidate for Congress From 21st State Distict, Made Address in Central Park Last Night—Steve Young of Springfield Also Speaks.

Duncan McDonald, who is candidate for congress in the 21st state district, which includes Sangamon county, was in Jacksonville last night to address an audience in Central park in the interest of the Farmer-Labor party. Steve Young of Springfield, who is a candidate for representative in this district on the Farmer-Labor party ticket, also spoke.

Mr. McDonald, who is an able public speaker, explained something about the formation of the Farmer-Labor party and the possibility for succes if the laboring people and the farmers will but work together consistently. He said that the laboring people can see little difference between the Republican and Democratic parties, for the two are serving the same interests.

Representative Government

"The re-establishment of real representative government is what is needed in this country," said Mr. McDonald, "and if the Farmer-Labor Party is put into power that very thing will come to pass." Then the speaker gave statistics compiled some time ago by a metropolitan newspaper showing that in the senate 60 members out of 96 are lawyers and in the house 263 out of 35 are lawyers. Then Mr. McDonald went on to say that on the basis of poulation figuers o nthe same ration that representatives in congress would be classifeld as follows. Famers, 165; miners, 15; workers in manufactories, 10; workers in transportation, 35.

He expressed the belief that there will not be satisfactory and fair government, that the majority will not rule, until some system is worked out whereby the different classes of workers have their actual representatives.

Mr. McDonald laid special emphais upon the profiteering which was permitted during the war time and in after days. He said that Attorney General Palmer had absolutely failed to punish any one of the profiteers while on the other hand he had put some men in jail who protested too strongly against the profiteers.

The Day of Millionaires.

The sepaker also quoted the statment of Congressman Rainey that the war had made thousands of millionaires in the U. S., the number now running to the 23,000 mark. In the ranks of the profiteers Mr. McDonald said the coal operators certainly belong, and quoted figures to show that in the war time coal which actually cost the operators $3.35 delivered in Chicago, was sold at prices ranging from $8 to $9 per ton.

Mr. Young has been identified iwth the labor movement in this state for a number of years and presented arguments to show that the interest of the workers would be better served by choosing members of the legislature from their own ranks.

THAT WONDERFUL LINE OF COATS AND SUITS WHICH MR. HERMAN RECENTLY PURCHASED, IS ARRIVING DAILY AND WILL BE VERY REASONABLY PRICED.

KLEVER KOMEDIAN.

What has become of Col. House? He does not seem to be boosting the league very strongly.

GERMAN-AMERICAN CONFERENCE.

If anyone ever seriously supposed that the Bureau of Enemy Psychology had really closed its doors in Berlin and ceased to opate in the United States and elsewhere, the questfonnaire which is now being sent out to candidates for congress by the National German American Conference would surely convince him that he was wrong, says the Christian Science Monitor. In many respects it is a singularly beautiful document, as is also the telegram dispatched by the secretary of the conference, Mr. Viereck, to the presidential candidate, Governor Cox. The passion for pure Americanism which breathes through their documents is, to say the least of it, exalted and, surely, unquestionable. Could anything, for instance, be more praiseworthy than the following:

My message to Senator Harding of September 24 places on record beyond doubt or cavil, the fact that the German government favors the league of nations and that Americans of German descent oppose this contraption for the insurance of allied imperialism, not because, but in spite of their sympathy with their kinsmen across the seas. They denounce the league of nations and reject your blandishments because, in accordance with their oath of allegiance, they put America first.

The questionnaire describes it as the "British-made league of nations." So does the cat leap out of the bag.

RE-ADJUSTMENT.

Both the Salvation Army and the Knights of Columbus report that there are now in the large cities as many men seeking work as there are positions available and both these organizations are in a position to know the facts connected with the labor supply and demand as accurately as any similar organization in the country. This does not necessarily mean, however, that hard times are ahead, says the Pantagraph. As a matter of fact, there is every indication that the period of readjustment, the important stages of which are at hand, will be attended with somewhat less commercial and labor upset than any similar period thru which the country has ever passed. The Philadelphia Public Ledger feels that by November 11, Armistice Day, the figures will probably show that the country is much further along toward pre-war economic conditions than it has been at the corresponding period after the close of any previous disturbance of anything like the same proportions. Discussing this question, the Ledger says that the situation revealed by these employment bureaus indicates more than any other one thing that normal conditions are returning. Indirectly, it means that production will be greater and that the working-man will make a greater return in work for the high wages he has been receiving. It also indicates that the rush to the cities will be somewhat checked. The tionately large population in fa- last census showed a disproporvor of the cities as compared with the agricultural communities. This is not a good sign, for the welfare of the country depends first of all upon its farming interests—in other words, where the food for city and country alike is raised. After the war the statistics revealed that only about 10 per cent of the soldiers from the farms returned to them. They were attracted by the number of opportunities for employment, the high wages paid and the easier hours. A negligible number of boys recruited from the cities went to the country. The result has been reflected in the census figures. The Knights of Columbus have issued a warning to young men from the agricultural districts to remain away from the cities, as a result of a three months' survey of the employment situation. As the Ledger comments, this is a wise move and the admonition should be obeyed. The findings of these two great organizations may sound discouraging; as a matter of fact, they are distinctly encouraging and point to a readjustment without serious upheaval.

Rippling Rhymes
By Walt Mason

THE RATTLESNAKE.

We were camped beside a lake, by a eucalyptus tree; someone hollered "There's a snake! It's a rattler! Hully chee!" Then we dropped our divers chores in the twinkling of an ear; sane and useful tasks are bores when a rattlesnake is near. And we formed a ring around, round the human race's foe, and our fingers clawed the ground for some boulders we might throw. And we threw, with bated breath, at five feet of writhing sin; battle, murder, sudden death, done up in a mottled skin! Rocks were flying, thick and fast, some thrown crooked, others straight; and the serpent, to the last, dared us with a deathless hate. He is Ishmael, this snake, with his rattles on behind, which, when playing tunes, can wake terrors in the bravest mind. Harried to the barren lands, driven from the fild and farm, even snakes of other brands view the rattler with alarm. He has not a friend at court, where snake advocates appear, but he is a dead game sport, and a stranger to all fear. And I felt a sense of shame when we'd killed that mottled thing; we had played a tinhorn game, throwing boulders in a ring. And the recollection makes luke-warm pains slide down my neck; even when we're killing snokes sportsmanship should be on deck.

"The re-establishment of real representative government is what is needed in this country," said Mr. McDonald, "and if the Farmer-Labor Party is put into power that very thing will come to pass." Then the speaker gave statistics compiled some time ago by a metropolitan newspaper showing that in the senate 60 members out of 96 are lawyers and in the house 263 out of 35 are lawyers. Then Mr. McDonald went on to say that on the basis of poulation figuers o nthe same ration that representatives in congress would be classifeld as follows. Famers, 165; miners, 15; workers in manufactories, 10; workers in transportation, 35.

He expressed the belief that there will not be satisfactory and fair government, that the majority will not rule, until some system is worked out whereby the different classes of workers have their actual representatives.

Mr. McDonald laid special emphais upon the profiteering which was permitted during the war time and in after days. He said that Attorney General Palmer had absolutely failed to punish any one of the profiteers while on the other hand he had put some men in jail who protested too strongly against the profiteers.

The Day of Millionaires.

The sepaker also quoted the statment of Congressman Rainey that the war had made thousands of millionaires in the U. S., the number now running to the 23,000 mark. In the ranks of the profiteers Mr. McDonald said the coal operators certainly belong, and quoted figures to show that in the war time coal which actually cost the operators $3.35 delivered in Chicago, was sold at prices ranging from $8 to $9 per ton.

Mr. Young has been identified iwth the labor movement in this state for a number of years and presented arguments to show that the interest of the workers would be better served by choosing members of the legislature from their own ranks.

THAT WONDERFUL LINE OF COATS AND SUITS WHICH MR. HERMAN RECENTLY PURCHASED, IS ARRIVING DAILY AND WILL BE VERY REASONABLY PRICED.

KLEVER KOMEDIAN.

Eddie Medley, the principal comedian with the Milton Schuster Musical Comedy Company which opens for a week's engagement at the Grand, week starting Monday, Oct. 11th, will be remembered for his delightful interpretation in "Mary's Lamb," with Richard Carle, and that of "Massakro" in the "Chocolate Soldier." The company will offer "A Saucy Doll" for their opening performance Monday. Plays will be changed every night during the engagement, each one mounted with special scenery.

CONFESSES TO MURDER OF J. C. DENTON

San Francisco, Oct. 7.—Joseph Rodriguez, under arrest here for the abduction of an 18 year old girl, today "confessed" to the murder of J. C. Denton, wealthy Los Angeles mining promoter, according to a statement by Captain of Police John O'Meara, but when the alleged confession was made public doubt began to be cast upon it. Rodriguez was quoted by Captain O'Meara as saying that he and another man strangled Denton to death with a rope in his own home while a woman looked on.

FIVE KILLED BY EXPLOSION ABOARD BRITISH TANKER

Blast is Believed to Have Been Caused By Blow Torch

MANY ARE WOUNDED IN BLAST

NEW YORK, Oct. 7.—Five men killed, five others are missing and believed to be dead, and more than a score injured this afternoon in an explosion which wrecked a forward compartment of the British tanker, G. R. Srowe of Toronto, undergoing repairs at a Brooklyn shipyard.

The blast is believed to have been caused when gases from an empty oil tank were ignited by a blow torch. City detectives, representatives of the fire marshal's office and agents of the department of justice however, began an immediate investigation.

The majority of the wounded were burned and lacerated but all are expected to live it was stated at the hospitals. Damage to the ship amounted to thousands of dollars.

FORMER PAYMASTER CONFESSES TO FORGERY

WILL RECEIVE BIG OVATION

CLEVELAND, O., Oct. 7.—Despite two defeats by the Brooklyn team winners of the National league pennant the Cleveland Indians will receive a big ovation from thousands of Cleveland fans when the team reaches home tomorrow to begin the four games series with the Dodgers beginning Saturday.

Mayor Fitzgerald gave an official aspect to the welcome home by issuing a proclamation today calling upon Clevelanders to do honor to their team. It was expected tonight that Manager Speaker and his men would reach here about nine o'clock tomorrow morning.

LITHUANIA AND LETVIA DON'T LIKE ARMISTICE LINE

The Baltic States are Afraid of Poland's Ambitions

PROPOSED LINE GREAT VICTORY

RIGA, Oct. 7.—(By The Associated Press.)—The proposed armistice line between Poland and Russia is distasteful to Lithuania and Letvia. Lethuania clims that free communication of trade between Lithuania and soviet Russia would be impossible if a Polish corridor were created.

The Lithuanians complain that they are robbed of a port. Memel which provided an outlet under the Versailles treaty but the Lithuanians say that French control of that port completely bottles them up.

Letvians are displeased over the proposed corridor connecting them with Poland on military grounds. All the other Baltic states are afraid of Poland's ambition and plans.

The proposed armistice line is clearly a great victory for the French and Poles and the displeasure of Lithuania and Letvia apparently is shared by the British, whose advice has been disregarded.

FORECASTS FURTHER REDUCTION OF DEBT

Makes Announcement in Offering of New Treasury Certificates.

Washington, Oct. 7.—Further reduction of the gross national and floating debt was forecast by Secretary Houston tonight in announcing a new offering of treasury certificates of indebtedness to be dated October 15, and mature in five months at 5¾ per cent interest. Simultaneously with the sale of the new certificates which will not exceed $100,000,000 an issue of certificates totalling $125,000,000 will mature and the treasury also will be called upon to pay the semi-annual interest an Liberty bonds of the fourth loan. In the payment will approximate $125,000,000, Mr. Houston said.

The interest rate on the new issue occasioned some surprise, as expectation of a higher rate had been predicted.

CONFERENCF ADOPTS PUBLIC FINANCE REPORT

Will Organize an International Credit System

TAX ON CAPITAL QUESTION DROPPED

BRUSSELS, Oct. 7.—(By The Associated Press.)—The international financial conference today adopted unanimously the report on public finance which contains the results of the work of the past two weeks by the conference. A first step toward the organization of an international credit system and an international clearing house and a permanent organism for collecting and distributing information abut the financial situations of the different countries are the tangible results of the conference.

The full conference expressed the hope that the forthcoming assembly of the league of nations will take up the question of the reduction of armaments. Meantime the council of the league will ndeavor to obtain results by direct appeals to the different countries.

The much-discussed question of a tax on capital was left to the discretion of the various countries without recommendation. The conference recommended that each country make efforts to stop extravagance and waste.

WOMAN BY NATURE IS NOT FOR PEACE BUT FOR A FIGHT

This Message J. Ham Lewis Gave to Women at Chicago

MAN SHOULD LEARN SOMETHING OF HER

CHICAGO, Oct. 7.—Woman, by nature i snot for peace and is for a fight, James Hamilton Lewis, Democratic candidate for governor of Illinois declared tonight in an address before the banquet of the Illinois Equal Suffrage association.

"Man is for peace,' he added. "but woman's nature is to demand conflict if necessary to establish principles she feels necesshary to the government or home.

"In poltics."' the former senato continued, "men vote for someone or for something. Women vote against someone or something. A woman is more concerned in the defeat or overthrow of what she objects to than as to who or what shall be put in a place. It is customary to presume women will be for any measure which leads to peace. They let us understand that woman must go her way according to her instincts and inborn inheritances transmitted by generations.

Man must go his way and they converge at a common point caled home, but at the base of the operation of the mind and emotions they will remain wide apart as they extend towards problems of life and government. Instead of man criticising this attitude of woman he should begin to study and learn something of her."

BRUNDAGE ASKS FOR CONSTRUCTION OF WILL

Charges Affairs of Home for Old Men Not Being Conducted Properly—Wants Accounting of all Moneys Received.

Chicago, Oct. 7.—In a bill of complaint filed in superior court today by Attorney General Brundage charged that the Northern Trust Company as executor of the will of James C. King and the board of directors f the James C. King Home for Old Men were "not conducting the institution according to the purposes and intent for which it was willed," and asked the court to construe the will in its proper meaning.

The bill asks that the defendants render an accounting of all moneys received and expended since the building of the home, that the court decree the rules and regulations covering the institution and that the court order he defendants to turn over, with interest any moneys or securities given by donors in efforts to gain admission to the home.

CONGRESSMAN SCORES BAKER

Boston, Oct. 7—Congressman Frederick W. Dallinger today made public correspondence with Secretary of War Baker regarding his protest against the parole of Lieutenant Frank (Hardboiled) Smith woh was found guilty of cruelties to soldiers of the A. E. F. at prison camps in France.

"If it is true that you are responsible for "Hardboiled" Smith's parole, it simply means that your conception of justice is sadly distorted," the congressman wrote. He made this statement, he said, because of his intimate knowledge of the trial of Smith and of conditions recently called to his attention that men who have shown no vicious tendencies but who have simply commited infractions of military discipline, are still suffering punishment."

He cited one case in which a soldier who struck a sergeant while intoxicated is still serving a sentence reduced from 25 years to five years adding that it is a travesty on justice to keep him behind the bars, and at the same time parol Smith because authority exists in the case.

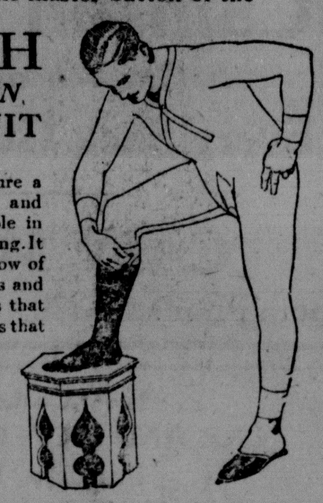
IT isn't the men-folk alone who appreciate this splendidly made garment. The women-folk like it because it means just so much less mending to be done on the family laundry every week. For the one master button of the

HATCH *ONE BUTTON* UNION SUIT



does more than insure a smooth, perfect fit and save time and trouble in dressing and undressing. It eliminates a whole row of nine or more buttons and buttonholes—buttons that fall off and buttonholes that rip and tear. Even if this one securely fastened button should work loose, there is an extra buttonhole into which an ordinary collar button can be slipped as a temporary or even permanent measure.

This splendidly made garment comes in a wide variety of weights, materials and prices. We'd like to have you come in to-day and see our stock.

QUESTION WILL BE VOTED ON BY SUBORDINATE LODGES

Numerous Auto Thefts Suggest Changes—Next Year's Convention Goes to Oklahoma—Banquet a Great Success.

The much mooted question of changing the name of the Anti-horse Thief Association was considered at a session of the natianal organization held yesterday in the Knight of Columbus hall. It was determined to settle the matter by a referendum vote.

There were fifty delegates from six states in attendance when the convention was called to order Thursday morning. An address of welcome was made by Mayor E. E. Crabtree and the response by T. J. Sargent of Oklahoma, who is president of the national organization. Most of the morning sessien was devoted to business. In the afternoon delegates heard several addresses and the banquet in the evening was a very successful event.

In addressing the delegates Mayor Crabtree said that to extend welcome is more or less a formal matter but that he would like to have the delegates know that Jacksonville is sincere in the cordiality extended to the visitors. He said that thru its long history the Anti-horse Thief Association had made a large contribution to the welfare of the country because of its purpose to enforce law and order. Then he said that it is a pretty generally accepted fact that communities get just about the kind of law enforcement they want and so much depends upon the attitude of citizens themselves toward law and its enforcement.

The mayor suggested that the welcome was not only to Jacksonville but also to the corn belt.

Mr. Sargent, responding in a gracious way, said he was willing to concede the advantages of the corn belt but must remain loyal to his own home state and community, where there had been marvelous development in general business and agriculture during recent years.

The national association now has a membership of 31,403, divided among six states as follows; Arkansas 708; Illinois 4,097; Iowa 3'851; Kansas 14,215; Missouri 4,532; Oklahoma 4,000.

The Banquet.

At 6:30 o'clock 300 sat down to the banquet at Central Christion church. The banquet was served by the ladies of the church and was of the usual excellent quality for which the ladies are noted.

Charles S. Black, chairman of the executive committee, called the assemblage to order and asked Dr. E. L. Pletcher to deliver the invocation. At the conclusion of the banquet he introduced F. L. Sharpe, a member of the Jacksonville order, as toastmaster. Mr. Sharpe proved most acceptable in the position and introduced the various speakers with appropriate remarks.

The speakers were: T. J. Sargent, national president, Newkirk, Okla.; W. B. Flower, national vice president, Needville, Mo.; J. W. Pence, national secretary, Morrisonville, Ill.; J. W. Lapham, state president of Kansas, Chanute; Albert Laugh, state president of Illinois, Griggsville; P. A. Fox, national vice president elect, Coweta, Okla.; W. H. Angelo, state president of Oklahoma, Okarche; B. R. Herron, president Missouri division; W. E. Williams, state president Arkansas, Greenland; G. W. Fear, Joplin, Mo.; P. J. White, Jacksonville.

During the evening Mrs. W. Barr Brown, Jr., sang a group of songs. Mrs. Brown was in excellent voice and her numbers were received with enthusiasm. Dunlap's orchestra furnished execellent music during the evening.

Afternoon Session.

The afternoon session was called to order by President T. J. Sargent at 1:30 o'clock.

The discussion during the session was that of changing the name of the organization to the Anti-Automobile-Horse Thief Association. The debate was heated and lasted for two hours. John W. Lapham of Chanute, Kans., led the forces favoring changing the name while the opposition was led by J. W. Wall of Parsons, Kans.

Mr. Lapham said in part:

"In the last 15 years, there has been developed a new means of transportation in this progressive country of ours. The Horse from which this order gets the distinctive mark in its name, has been relegated to the background as a means of travel.

"Mother Goose, whose poetry has a bigger circulation than Shakespeare, said: 'If wishes were horses, then beggers would ride.' Today she would probably have to change that to: 'If wishes were flivvers—'

"Nowadays we use horses for slow traffic, freight hauling, and circuses.

"King Richard, if he were alive today, would never exclaim, 'A horse, a horse; my kingdom for a horse.' He would want an automobile or an airplane.

"The horse, God bless him! He has served his country well, but we have substituted for him a speedier machine.

"It is estimated that today there are seven million automobiles in the country, worth approximately 8 bililons of dollars.

"The thief doesn't steal horses now; he steals motor cars. It is estimated that last year 300,000 automobiles were stolen. That statement gives you the idea that a protective organiation is very necessary to aid the police forces of our cities and counties in checking the activity and progtableness of this thievery.

"We have had a veritable revolution in the thieving business. The speed of the automobile has made the capture of the thief a different proposition than the capture of the horse thief. The pursuing committee can't do much, any more.

"The proposition of catching the thief is one of the organization of many communities, and the use of the telephone. Telephoning ahead to a sister organization, and catching the thief as he comes, is the only method today that can be used successfully. Thoro organization into every community therefore is desirable.

"The various Anti-Motor-Thief Associations in the cities are local in scope, organized in most instances for profit, but these organizations are handicapped because they haven't a net work of lodges around their towns to co-operate with them.

"Our organization, on the other hand, needs to be instituted in the cities also, as the "fences" for stolen automobile thieves, operate largely in the cities.

"Therefore, our organization is mutually beneficial, in both the large and small communities.

"A very positive effort should always be made to prosecute the thief. It is decided bad policy to let the thief go, for the recovery of the auto. It aggravates crime.

"Postoffice robberies should be investigated thoroly, as anything which strikes at our government, strikes at us individually.

The Double A. H. T. A.

"The psychology of a name is very important, I believe, in extension work. The name should read "The Anti-Automobile-Horse-Thief Association," or The Double A. H. T. A.

"Personally, I am opposed to giving up the A. H. T. A., abbreviation as it has been characteristic of our organization for 65 years. The use of the word "Double" before it, preserves that for us, and yet informs the public that this organization is after the automobile thief.

"This suggestion of the addition of the word "automobile" to our name is also made in recognition of the fact that we may want to make another addition in the future. I am ont speaking lightly, but seriously. I refer to the airplane.

"It was only 16 years ago, December the 17th, that the Wright boys made their first flight at Kitty Kawk, S. C., in a heavier than air machine. The longest they remained in the air was 59 seconds, and they moved a distance of 852 feet, going 60 feet high.

"If the airplanes take the place of automobiles, I see reason why the thief would transfer his malicousness, making it necessary to call our organization: "The Triple A. H. T. A."

Mr. Wall said he had been a member of the organization for over forty years and said he saw no reason for changing the name. He said it was not necessary for the A. H. T. A., to add to or take anything from its name. He reviewed the organization of the order, told how the organizers worked hard to get the organization on a sound foundation and said that while he had come to the convention with instructions he vote for a change in name, he expected to go back to Kansas and after explaining the situation, he expected to be vindicated. Mr. Wall's address was listened to with interest and he was frequently applauded.

After two hours of heated discussion the convention finally decided that the question of changing the name be referred to each subordinate order for a referendum vote, such vote to be reported to the next national convention.

Those who spoke in opposition to the change in name were: P. A. Fox, of Coweta, Okla.; W. E. Williams, of Grenland, Arkansas.

Charles W. Fear of Joplin, Mo., spoke for thirty minutes on extension work. The convention after a short discussion voted that the national officers extend the work of the organization thruout the United States.

One amendment made to the constitution was that no one who is not a citizen of the United States can become a member of the organization. The amendment was passed unapimously and with a roar of cheers.

The following National Officers were elected and installed:

President — W. B. Flowers, Meadville, Mo.

Vice President—P. A. Fox, Indian Territory Division, Coweta, Okla.

Secretary - Treasurer — J. M. Pence, Morrisonville, Ill.

ILLINOIS COLLEGE OFF FOR FIRST GAME

Play Lombard at Galesburg Saturday—Opponents Will Have Advantage of Two Gomes—Illinois' First Game.

Coach Harmon and his Illinois College football warriors will leave over the Burlington this morning at 11 o'clock for Galesburg where they will play the strong team of Lombard College Saturday afternoon.

In the opinion of Coach Harmon and the followers of Illinois, this is the hardest game on the Blue and White Schedule. Lombard will be playing her third game when she lines up against Illinois tomorrow afternoon while it will be Illinois' first game.

This undoubtedly will give Lombar da big advantage. However, Harmon has been giving his squad lots of practice. There has been scrimmage work with the scrubs and with the high school and the men are in good physical condition. To a Journal reporter last night Coach Harmon said Illinois was prepared to give Lombard the best she had.

Illinois will line up as follows for the start of the game Saturday: Fanning, le; Iftner, lt; Gunn, lg; Fiedling, c; Andrew, rg; Reid, rt; Ravis, re; Cully, qb; Barnes, lh; Jones, rh; Locke, fb.

In addition to the regulars the following substitutes will be taken: Smith, Burns, Weber, Miller, linemen; Ferreira, Thurmon, Scott, Green, backfield. The last four named give Coach Harmon a complete backeld.

LOOK FOR BANK ROBBERS, GET WHISKEY RUNNER

Saginaw, Mich., Oct. 7.—State constabulary, guarding every main line exit from Saginaw county Thursday afternoon in the effort to apprehnd the four bank robbers who secured nearly $9,000 from the Frankemuth State Bank, figuratively enacted the old saw of shooting at the goose and hitting the gander. A number of the men were guarding one of the county roads when a speeding automobile approached. When the driver failed halt upon being signalled the constabulary promptly punctured his tires with rifle shots. Upon examination of the car, however, it was found that instead of the bank loot the lone motorist was carrying a substantial cargo of whiskey. He is being detained.

"The proposition of catching the thief is one of the organization of many communities, and the use of the telephone. Telephoning ahead to a sister organization, and catching the thief as he comes, is the only method today that can be used successfully. Thoro organization into every community therefore is desirable.

"The various Anti-Motor-Thief Associations in the cities are local in scope, organized in most instances for profit, but these organizations are handicapped because they haven't a net work of lodges around their towns to co-operate with them.

LOOK FOR BANK ROBBERS, GET WHISKEY RUNNER

Saginaw, Mich., Oct. 7.—State constabulary, guarding every main line exit from Saginaw county Thursday afternoon in the effort to apprehnd the four bank robbers who secured nearly $9,000 from the Frankemuth State Bank, figuratively enacted the old saw of shooting at the goose and hitting the gander. A number of the men were guarding one of the county roads when a speeding automobile approached. When the driver failed halt upon being signalled the constabulary promptly punctured his tires with rifle shots. Upon examination of the car, however, it was found that instead of the bank loot the lone motorist was carrying a substantial cargo of whiskey. He is being detained.

ILLINOIS COLLEGE OFF FOR FIRST GAME

Play Lombard at Galesburg Saturday—Opponents Will Have Advantage of Two Gomes—Illinois' First Game.

Coach Harmon and his Illinois College football warriors will leave over the Burlington this morning at 11 o'clock for Galesburg where they will play the strong team of Lombard College Saturday afternoon.

In the opinion of Coach Harmon and the followers of Illinois, this is the hardest game on the Blue and White Schedule. Lombard will be playing her third game when she lines up against Illinois tomorrow afternoon while it will be Illinois' first game.

This undoubtedly will give Lombar da big advantage. However, Harmon has been giving his squad lots of practice. There has been scrimmage work with the scrubs and with the high school and the men are in good physical condition. To a Journal reporter last night Coach Harmon said Illinois was prepared to give Lombard the best she had.

Illinois will line up as follows for the start of the game Saturday: Fanning, le; Iftner, lt; Gunn, lg; Fiedling, c; Andrew, rg; Reid, rt; Ravis, re; Cully, qb; Barnes, lh; Jones, rh; Locke, fb.

In addition to the regulars the following substitutes will be taken: Smith, Burns, Weber, Miller, linemen; Ferreira, Thurmon, Scott, Green, backfield. The last four named give Coach Harmon a complete backeld.

LEAVE FOR CALIFORNIA

Mrs. Myrta McKee has returned to her home in San Diego, Cal., after an extended visit with her brother, Dr. J. O. Applebee, in this city. Mrs. McKee was accompanied to the western city by her mother, Mrs. Catherine Applebee, who will remain with her for the winter months.

BELIEVES WILSON PROMISED ASSISTANCE

Brookfield, Mo., Oct. 7.—That he believes President Wilson promised military assistance from this country for Roumania and Serbia if the need arose was asserted by Senator Selden P. Spencer of Missouri, in an address here tonight.

FORMER RESIDENT A VISITOR HERE

George Eilerts Has Lived in Kansas Forty Years—A Fine War Record.

Mr. and Mrs. George Eilerts of Newton, Kans., have been recent visitors in Morgan county and left yesterday for their home in the west. Much of their time here was spent visiting their niece, Mrs. Joseph Bourn, and their nephews, Judge Edward P. Brockhouse, W. J. and Henry Edelbrock.

Mr. Eilerts is a veteran of the Civil War and he and his wife have been in attendance at the national encampment in Indianapolis and took this opportunity to stop in Morgan county and renew friendships. It was nearly forty years ago that Mr. Eilerts, who was at that time a resident of Chapin precinct, decided on a home in the west and located at White Water, Kans. He has been very successful as a farmer and stockman.

As mentioned, Mr. Eilerts is a G. A. R., veteran, for he enlisted as a member of the 101st Illinois at the age of 18 years. He comes of fighting stock, for his father, a veteran of the English army, sought to enlist for the Union cause here but was rejected on account of his age.

Naturally Mr. Eilerts was much impressed with the soldiers' monument here and said its erection was a fine evidence of community spirit and of appreciation of the services rendered by the soldiers.

Berea Ladies' Aid Holds Meeting.

The Berea Ladies' Aid met Thursday at the pleasant country home of the president, Mrs. George Lewis. Thirty-two members and friends of the society were present. Following the excellent dinner served at the noon hour, $12.30 was realized for the Aid fund.

After the meeting had been called to order by the president, Miss Bessie Dewees read a passage from the Bible and also lead in prayer. An election of officers was held and the following officers were chosen:

President—Mrs. Harrison Robinson.

Vice president—Mrs. J. R. Keltner.

Secretary—Mrs. John Baker.

Assistant secretary—Mrs. Geo. Lewis.

Treasurer—Mrs. Walter Robertson.

The following persons were taken into the society: Mrs. J. R. Keltner, Mrs. Carrol Robinson, Mrs. Clyde Lewis, Mrs. Robert Steward. It was decided to serve luncheon at the sale of Jack Carrington on Oct. 21.

After the other business topics had been discussed a social hour was enjoyed. The meeting adjourned with no meeting place as yet for the November meeting.

Caritas Lodge Held Rally Meeting

Members of Caritas Rebekah Lodge No. 625 had an enthusiastic meeting Thursday evening. This was their rally meeting preparing for the big Booster Meeting to be held October 21st. At the Booster Meeting the state officers of the Order will be present and hold a school of instruction.

The meeting last night included a social time of which the grab bag was an important part. The articles were tied to one end of the strings and the other end tied to a hoop. Each one took an end from the hoop and followed it to the other end.

The ladies had brought a plentiful supply of pies and served pie and coffee to all present.

Caritas Lodge expects to visit the Rebekah lodge at Murrayville on the 12th. The members are to meet at the Odd Fellows' Hall at 6:30 next Tuesday and start for Murrayville not later than 7 o'clock.

U. S. WILL AID IN PLACING IMMIGRANTS

Assurance Given Netherlands Emigration League That U. S. Authorities Will Aid Immigrants from Holland Coming to This Country.

New York. — Assurance has been given to S. L. Veenstra, secretary of the Netherlands Emigration League by Immigration Commission Wallis on Ellis Island, that the United States authorities will aid in placing many immigrants from Holland who are planning to come to America. Mr. Veenstra said that many thousands of Dutch were applying for passports to the United States and that he had established a branch of the Emigration League here.

"There are three principal causes for our people wanting to come here," said Mr. Veenstra. "First there is naturally an accumulation of emigrants because of the years of war. Secondly, Holland is being overcrowded by thousands of war refugees from other countries and, thirdly many of our people are simply sick of Europe and all things European. But, let it be understood that they are not leaving Holland because they cannot make a living here. They are a most prosperous people and most of them will buy homes in the United States. They prefer farming and for that reason I am sure they will be welcome here."

ST. LOUIS TO HOLD BOWLING AOURNAMENT

ST. PAUL HAD GOOD ATTENDANCE RECORD

St. Paul, Minn.—With the close of the local American association season, here, it is stated that attendance in St. Paul at Lexington park greatly exceeded that of any previous year, altho figures were not made available. July 4th this year as many persons had attended games here as in any previous year, it was declared. The Saints apparently had the pennant won almost from the start, and the wide marginal lead they held seemed to spur the attendance rather than a drawback.

MRS. STANSFIELD CALLED BY DEATH

Prominent Murrayville Woman Passes Away Early Thursday Morning—Had Resided There Since 1871.

Murrayville, Oct. 7.—Mrs. David Stansfield, a resident of this community since 1871, died at her home near here at 1 o'clock this morning.

Deceased before her marriage was Miss Alice Kingsley and was born in Wisconsin. She came to Murrayville nearly fifty years ago.

About thirty years ago she was united in marriage to David Stansfield, who survives together with one son, Arthur Stansfield, of Murrayville. She also leaves one brother, Alfred Kingsley of Valley, Okla., and one sister, Mrs. Logan Wyatt, of Anderson, Mo.

Mrs. Stansfield was a member of the Baptist cvhurch and Murrayville Rebekah lodge. She was always active in church and club work and was identified with all forward movements.

Funeral services will be held from the Baptist church at 2:30 o'clock Saturday afternoon in charge of the Rev. Roy March. Members of the Murrayville Rebekah lodge will also have a part in the services.

FIRST BAPTIST CHURCH NOTES

The next annual Home Coming Day will be held Sunday, Oct. 10th. Special message by the pastor at 10:45 a. m. Basket dinner 12 o'clock. Afternoon program by laymen of the church at 1:30. Stereopticon lecture on "Alaska" at 7:30 p. m. All members of the church and congregation are urged to attend. All converts baptized during the past four years will be special guests of honor at the morning hour of worship.

WILL LEAVE FOR SOUTH.

Mr. and Mrs. O. F. Conklin are to leave today for St. Petersburg, Fla., and will probably remain there thru the winter months. Mr. Conklin's brother, W. P. Conklin, of Grand Rapids and his family will be there for the winter.

Mr. and Mrs. Conklin had intended to follow their custom of spending the winter in California, and reservations had been made for the western trip. Then came the decision to go south. However, if they do not find the southern resort to their liking they will later proceed to California.

MASS MEETING
Legion men and all ex-service men, Friday night, Court House. Mayor Crabtree, Capt. Noolin and others will speak. Help form National Guard Company for Jacksonville.

PASSAVANT FUND NEARS THE HALF WAY MARK

The fund in the Passavant hospital campaign is nearing the halfway mark, as the total collections reported to noon Thursday was $12,877.04. This was an increase of $3,723.06 in the twenty-four hours since the last previous report.

There was a very large attendance at the luncheon Thursday and interest and enthusiasm was all the time present. H. M. Capps presided in the absence of Chairman W. Barr Brown, who was busy visiting some of the county precincts. Charles S. Black, speaking for country precincts, said some little delay must be expected in hearing reports from them, owing to the fact that farmers are just now very busy. Wheat sowing, silo filling and some other farm tasks that are always at hand in October are fully occupying the farmers' time these days, and this fact makes the work of canvassing slow.

Miss Venner, superintendent of the hospital, reported a gift of $50 from a nurse whose name was not revealed, and a conditional pledge of $500 if certain conditions are met at the hospital by Oct. 1, 1821.

The reports made for the day gave the following figures:

First ward, Edward Brennan, chairman, $192.

Second ward, J. S. Hackett, $307.

Fourth ward, T. C. MacVicar, $1,003.

South Jacksonville, A. M. Masters, $240.50.

Meredosia, 16-13, L. F. Berger, $69.

Literberry, 16-10, William Crum, $336.57.

Markham, 15-11, Allinson Thomason, $117.50.

Waverly, 13-8, W. H. Rohrer, $50.

14-9, Sam Kamm, $30.

C. H. Story made reference to the importance of interesting people in remembering the hospital in their wills. He said that he knew of a wealthy resident of this county who has arranged that one-third of his estate shall, after his death, pass into the possession of the hospital.

Rev. W. H. Marbach was asked to repeat a short chalk talk he had made at his own church recently in urging the campaign. The purpose was to suggest to workers a line of argument that they might readily present to persons they solicited. Mr. Marbach emphasized first the necessity of the hospital; second, the hospital as an asset of the community; third, the demand for the hospital in the name of humanity; fourth, the hospital as a Christian institution; fifth, the county must have the best hospital. This, he went on to say, means that the hospital must be standardized if it is to give the best in service and that is one of the purposes of the present campaign.

He then said that solicitors might well mention to prospects that others had given for the hospital or are giving, and then ask the prospects if they too do not want to be included in the list of persons supporting this institution.

MORE DIRECT ROUTE TO ALTON PROPOSED

Jacksonville-Alton Airline Highway Decided Upon at Recent Meeting of Good Roads Men in Greenfield—Money Raised for Marking of Trial.

At a recent meeting of good roads enthusiasts at Greenfield it was voted to establish the Jacksonville-Alton Airline highway, a direct route from this city to Alton over the old state road. Various towns along the proposed route were represented and the meeting was one of great enthusiasm.

The route will be well marked and will be shorter by at least twenty miles than any other route between Jacksonville and Alton. At the Grenfield meeting a sufficient fund was raised to pay the expense of marking the trail and to defray various other expenses. A committee was appointed to meet with committees from Morgan and Jersey counties and complete the organization of the association.

Another committee was appointed, whose duty it is to confer with the state highway commission and arrange for needed road improvements along the projected trail.

MATRIMONIAL

Griggsby-Majors.

Booker Griggsby and Miss Flossie Majors both of this city were united in marriage at McCabe M. E. church at 8:30 o'clock Thursday evening. The ceremony was said by the Rev. J. W. Kirk and was witnessed by a number of relatives and friends. Following the ceremony a wedding supper was served at the home of the bride's parents. They will reside at 331 Cox street. Both are well known young people and will have the best wishes of a large circle of friends.

Vannier-Robinson.

Frank L. Vannier of this city and Miss Mabel Robinson of Sinclair were united in marriage at 3 o'clock Wednesday afternoon, the ceremony being performed by Rev. T. H. Tull, pastor of Grace M. E. church, at his home on West State street. The young people were attended by Miss Maude Robinson, sister of the bride, and Rudolph Davidsmeyer.

The bride is a daughter of Mr. and Mrs. R. W. Robinson, well known residents of Morgan county living southeast of Sinclair. She has spent practically all her life in the Sinclair neighborhood, receiving her education in the county schools and graduating from the local high school with the class of 1920. Mrs. Vannier is a member of Hebron M. E. church and has been active in various lines of church work.

Mr. Vannier is a son of Fred Vannier of Bluffs, but prior to coming to this city several years ago resided with his aunts, the Misses Lane, at Riggston. He attended Brown's Business college in this city and subsequently entered the employ of the Eli Bridge Co. He has been very succesful in his business career and now holds the position of assistant superintendent with the local company.

Following the ceremony Mr. and Mrs. Vannier left for a brief wedding trip to St. Louis. Upon their return to this city they will take up their residence at 143 Edgmon street. They have the best wishes of their numerous friends.

Dr. Foreman is a worthy veteran of the Civil war and no one looking at him would suppose he is four score years old, yet such is the fact, but he bears his years lightly and bids fair to be with his friends for years to come, a consummation devoutly wished by a great many.

"THE GUMPS" PLEASED LARGE AUDIENCE

Sidney Smith's well known cartoon characters "The Gumps" appeared at the Grand Opera house last night, revised into a musical comedy. There were two acts with six scenes and the large audience present enjoyed the performance.

The sayings and doings of "Andy", "Min" and "Chester" caused many a laugh. There were musical numbers aplenty and the performance measured up to expecttions.

THIRD WARD PEOPLE COME FORWARD

Owing to conditions over which there was no control the workers for Passavant Hospital have not seen very many of the Third Ward people.

This has made a certain feeling that the Third Ward has not answered the call. I have lived in the Third Ward the most of my life, and I know that Third Warders never dodge any issue nor lay down on anything good for the City.

If there has been any lack of interest from this direction, it has been because we have been too busy. More people work for their bread and more people own their own property in this ward than any other ward in the city and they know the real value of money. I am writing this note as a defense of my old ward and to ask those whose interest is with us to not wait for the solicitor but to hunt him or her up, and give your much or little.

Mr. Albert Metcalf is the chairman for this ward and a phone to him will bring one of the workers or a card in quick time.

Let every Third Warder give something, be he white or colored, regardless of creed.

INNOCENT ACTS OFTEN START CRUEL SLANDERS

Things are not what they seem, in a great many cases, when to the gossips of the neighborhood they seem pretty awful.

Probably there are few persons on earth who have not at some time in their lives been innocently involved in actions, which, if revealed, might be used to prove them guilty of indiscretions, or even crimes, which they never committed.

One reason why circumstantal evidence is so uncertain and so unfair a source of information is that any given act witnessed by several persons is more than likely to be interpreted differently by each witness. A simple act which would be kindly construed by a friend might easily be misconstrued into the most damaging sort of scandal by an enemy. We are likely to read into a person's acts the things we already know or feel about that person.

It isn't safe or fair to judge by appearances, and if you don't believe this, see "Food for Scandal" at Scott's theatre Friday and Saturday, and see how easy it is for a perfectly nice girl to have dozens of ugly stories and suspicions floating about her pretty head. Wanda Hawley, that exquisite little comedienne of the Realart group of stars, is the heroine, with Harrison Ford again playing the male lead.

MRS. STANSFIELD CALLED BY DEATH

Prominent Murrayville Woman Passes Away Early Thursday Morning—Had Resided There Since 1871.

Murrayville, Oct. 7.—Mrs. David Stansfield, a resident of this community since 1871, died at her home near here at 1 o'clock this morning.

Deceased before her marriage was Miss Alice Kingsley and was born in Wisconsin. She came to Murrayville nearly fifty years ago.

About thirty years ago she was united in marriage to David Stansfield, who survives together with one son, Arthur Stansfield, of Murrayville. She also leaves one brother, Alfred Kingsley of Valley, Okla., and one sister, Mrs. Logan Wyatt, of Anderson, Mo.

Mrs. Stansfield was a member of the Baptist cvhurch and Murrayville Rebekah lodge. She was always active in church and club work and was identified with all forward movements.

Funeral services will be held from the Baptist church at 2:30 o'clock Saturday afternoon in charge of the Rev. Roy March. Members of the Murrayville Rebekah lodge will also have a part in the services.

PASSAVANT FUND NEARS THE HALF WAY MARK

The fund in the Passavant hospital campaign is nearing the halfway mark, as the total collections reported to noon Thursday was $12,877.04. This was an increase of $3,723.06 in the twenty-four hours since the last preious report.

There was a very large attendance at the luncheon Thursday and interest and enthusiasm was all the time present. H. M. Capps presided in the absence of Chairman W. Barr Brown, who was busy visiting some of the country precincts. Charles S. Black, speaking for country precincts, said some little delay must be expected in hearing reports from them, owing to the fact that farmers are just now very busy. Wheat sowing, silo filling and some other farm tasks that are always at hand in October are fully occupying the farmers' time these days, and this fact makes the work of canvassing slow.

Miss Venner, superintendent of the hospital, reported a gift of $50 from a nurse whose name was not revealed, and a conditional pledge of $500 if certain conditions are met at the hospital by Oct. 1, 1821.

The reports made for the day gave the following figures:

First ward, Edward Brennan, chairman, $192.

Second ward, J. S. Hackett, $307.

Fourth ward, T. C. MacVicar, $1,002.

South Jacksonville, A. M. Masters, $240.50.

Meredosia, 16-13, L. F. Berger, $69.

Literberry, 16-10, William Crum, $336.57.

Markham, 15-11, Allinson Thomason, $117.50.

Waverly, 13-8, W. H. Rohrer, $50.

14-9, Sam Kamm, $30.

Concord, 16-11, Casper Blimling, $30.

Chapin, 15-12, Miss Amy Onken $111.24.

Murrayville, 13-9-11, Harry Cade, $20.

15-10, Harry Kitner, $158.50.

Sinclair, 16-9, Mrs. Frank Hunter, $47.

Lynnville, 14-11, Charles Gibbs, $37.

Alexander, 16-8, etc., Charles M. Strawn, $107.

16-12, Alfred Brockhouse, $156.

15-10, Mrs. Will Scott, $68.50.

14-8, Mrs. Evertt Burnett, $191.

C. H. Story made reference to the importance of interesting people in remembering the hospital in their wills. He said that he knew of a wealthy resident of this county who has arranged that one-third of his estate shall, after his death, pass into the possession of the hospital.

Probably there are few persons on earth who have not at some time in their lives been innocently involved in actions, which, if revealed, might be used to prove them guilty of indiscretions, or even crimes, which they never committed.

One reason why circumstantal evidence is so uncertain and so unfair a source of information is that any given act witnessed by several persons is more than likely to be interpreted differently by each witness. A simple act which would be kindly construed by a friend might easily be misconstrued into the most damaging sort of scandal by an enemy. We are likely to read into a person's acts the things we already know or feel about that person.

It isn't safe or fair to judge by appearances, and if you don't believe this, see "Food for Scandal" at Scott's theatre Friday and Saturday, and see how easy it is for a perfectly nice girl to have dozens of ugly stories and suspicions floating about her pretty head. Wanda Hawley, that exquisite little comedienne of the Realart group of stars, is the heroine, with Harrison Ford again playing the male lead.

How Do You Feel?

Fine? Then read no farther. This is only information for people who don't feel just exactly right. Perhaps it is only a temporary disorder and you will feel alright tomorrow. But if you don't feel better then, drop in and very likely we can give you something or recommend something that will straighten you up in a hurry. But if it is a chronic trouble the best thing for you to do is to see your doctor and he will likely prescribe some remedy. Then if you want that prescription filled correctly and with absolutely pure drugs, bring it to

Solution of the Tire Problem

A lot of people have experimented to their sorrow, in an attempt to find a short cut to Tire economy.

IT SIMPLY CAN'T BE DONE

Once in a while you may buy a cheap first-cost Tire that also proves to be a cheap last-cost tire. But for every time this happens there are hundreds of instances where the reverse is true.

MOTOR TRUCK ON CORN BELT FARMS

Experience of 831 Corn Belt Farmers Who Own Motor Trucks Summarized by the Department of Agriculture.

Summarizing the experience of 831 corn-belt farmers who own motor trucks, the United States Department of Agriculture found that in the opinion of nine-tenth of these men, the greatest advantage in owning a motor truck is "Saving Time;" in the opinions of three fourths of them the greatest disadvantage is "Poor Roads," and 91 per cent believe that their trucks will turn out to be a profitable investment.

The reports, however, indicate that on most of these farms the truck has not reduced expense to any great extent, and that it supplements rather than replaces work-stock and other equipment.

On the average these trucks travel 2,777 miles per year, and the cost of operation is between 16 1-2 cents to 17 cents a mile, making the total annual cost from $460 to $470. Each truck displaces an average of 1.2 head of work-stock. With the cost of keeping a horse a year in the corn belt around $200, the reduction in expense for this item is in the neighborhood of $240 per farm. For all farms the average amount of hired help saved by the truck is $163. On most farms these are the only two items of direct reduction in expense which can be credited to the truck, and on the average they amount to $60 or $70 less than the total cost fo operating it.

To offset this added cost, custom hauling done with the trucks amounts to about $50 per year for all farms, leaving only something like $10 or $20 annual net expense which must be more than balanced by the saving of time of the owner and members of the family, the ability to get crops live stock to the market in better condition or at better time, and other benefits which are not directly measurable in dollars and cents, if the average truck is to be a profitable investment.

It must be remembered that most of these farms where trucks are owned are larger than the average, and are located at a considerable distance from market.

The investigation was made during the past winter and spring. Farmer-truck owners in Indiana, Illinois, Missouri, Iowa, southern Wisconsin, southern Minnesota, southeastern South Dakota, eastern Nebraska, and eastern Kansas, who raise corn as one of their principal crops, and who practice the general grain and live-stock farming characteristic of the corn belt reported to the department the use they make of their trucks, the cost of operating them, the advantages and disadvantages of trucks for farm use, and other related information.

A study of the reports of 831 of these farmers has just been completed by the Division of Rural Engineering of the Bureau of Public Roads and the Office of Farm Management and Farm Economics.

Some of the important facts revealed by the investigation are:

The average size of the farms is 346 acres and their average distance from market is 8 miles.

Only 14 per cent of them are less than 5 miles from market, and 20 per cent are 15 miles or more from market.

A little over one fourth of these men have changed their markets, for at least a part of their produce, since purchasing trucks. For those who have changed market, the average distance to the old market was 7 miles, and to the new market is 18 miles.

The rated capacity of these trucks varies from one-half to two tons. Seventy per cent of them are rated at one ton, and only 9 per cent of them at less than one ton.

Experience with trucks has caused 57 per cent of these men to decide that the 1-ton size is best for their conditions, 25 per cent that the 1-2 ton size is best, and 12 per cent that the 2-ton size is best. Practically one man in four ha sdecided hat a truck larger than the one he now owns would be better suited to his conditions.

Ninety-one percent believe that their trucks will prove to be a profitable investment.

In the opoinions of these men the principal advantage of a motor truck is in saving time, and the principal disadvantage is "Poor Roads."

As compared with horses and wagons the trucks save about two-thirds of the time required for hauling to and from these farms.

On the average there are over eight weeks during the year when the roads are in such condition on account of mud, snow, etc. that these trucks cannot be used. The roads on which nearly 95 per cent of them usually travel are all or part dirt.

The condition of the roads prevented the use of the trucks with pneumatic tires a little less than seven weeks during the year covered by reports, and of those with solid tires a little over 9 weeks.

Twenty-four per cent of the trucks are equipped with pneumatics in front and solids in rear. However, experience has convinced 58 per cent that pneumatics are best for their conditions, 35 per cent that solids are best, and 7 per cent that pneumatics in front and solids in rear are best.

These men have return loads use their horses for some hauling on the road.

A majority of these men still use for some hauling on the road.

On more than half of the farms all the hauling in the fields and around the buildings is still done with horses and wagons.

About 40 per cent of these men did some custom hauling with their trucks during the year covered by the reports. The average amount received by those who did such work was $1322.

Their owners estimate that on the average these trucks travel 2,777 miles and are used on 112 days per year.

The average estimated life of these trucks is 6 1-2 years, and on this basis depreciation is usually the largest single item of expense in connection with their operation.

The average cost of operation, including depreciation, interest on investment, repairs, registration and license fees, fuel, oil, and tires, is 15.2 cents per mile for the 1-2 and 3-4 ton trucks, 15.2 for the 1 ton, 21.3 cents for the 1 1-4 and 1 1-2 ton, and 25.8 cents for the 2 ton.

The average cost of hauling crops, including the value of the driver's time is 50 cents per hour, is 24 cents per ton mile with the 1-2 and 3-4 ton trucks, 24.1 cents with the 1 ton, 23.3 cents with the 1 1-4 and 1 1-2 and 1 1-2 ton, and 21.5 cents with the 2-ton trucks.

Nearly 85 per cent of these trucks had not been out of commission when needed for a single day during the year covered by the reports, and 80 per cent of the owners stated that they had not lost any appreciable time on account of motor and tire trouble, breakage, etc., when using their trucks. About one truck in 15 was out of commission more than 5 days, however, and one owner in 40 reported a loss of more than 5 per cent of the time when using his truck.

Fifty-six per cent of these men have not reduced the number of their work-stock since purchasing trucks. Twenty-four per cent have disposed of one or two head, and 20 per cent of more than two head. The average reduction for small farms is 1.2 read.

Half of these men own tractors as well as motor trucks. Most of the tractors are owned on the larger farms, however. Only 33 per cent of the men whose farms contain 160 crop acres or less own tractors, while 65 per cent of those with over 320 crop acres own them. The number of work stock kept on the farms where both trucks and tractors are owned is only slightly less than the number kept on the farm of corresponding size where only trucks are owned.

Seventy-eight per cent of these farmers state that their trucks reduce the expense for hired help. On those farms where there is a reduction the operators estimate that it amounts to $209 per year on the average.

MORE ILLINOIS PEOPLE TESTIFY

Mrs. Fred Fruiten Is Among the Latest to Reap Remarkable Benefits From Tanlac.

"I am so glad that I found Tanlac when I did, for since taking it my whole system has been so benefited that I am feeling like a different woman," said Mrs. Fred Fruiten, of 910 West Locust St., Bloomington, Ill.

"When I started taking Tanlac I was in a badly weakened state, owing to the after-effects of the 'flu.' My stomach was out of order. I couldn't eat a thing without suffering from pain and distress, and I was continually having bad bilious attacks. My nerves were in a frightful state, I couldn't sleep at night and I never felt equal to anything. I became very low-spirited, for, altho I had tried the best treatment and medicines that I could obtain, nothing seemed to do me any good.

"One of the men down at the works told my husband how much good Tanlac had done him, and he bought me a bottle. Before I had gotten thru with that first bottle I was feeling much better, and now I am feeling fine in every way. I am hungry all the time. I never have the slightest trouble with indigestion or biliousness, my nerves are now quiet and steady and I sleep like a child at night. I don't believe I ever felt better than I do today and I think Tanlac is a grand medicine for overcoming the bad after-effects of the 'flu'."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreves store, J. Earl Mills Franklin and J. L. Tuscher, Meredosia and by the leading drug store in every town. Adv.

WORRYING PUSSYFOOT

The following London telegram tells of the further experience of "Pussyfoot" Johnson, who addressed an audience in this city recently. Such treatment as has received in enlightened England seems beyound belief. It says:

William E. (Pussyfoot) Johnson, American temperance advocate narrowly escaped an angry crowd which interrupted one of his temperance meetings at Reading, in Berkshire. The crowd tried to break through the locked doors of the hall to reach him, according to a Reading dispatch to the Evening News. The crowd also threw bombs containing foul smelling chemicals.

Johnson, with detectives, escaped by the rear exit, through a graveyard, to a taxicab.

Johnson already has one artificial eye as the result of the roughness of medical students in London last November, when he was ridden on a plank through two miles of crowded west end streets.

The average estimated life of these trucks is 6 1-2 years, and on this basis depreciation is usually the largest single item of expense in connection with their operation.

The average cost of operation, including depreciation, interest on investment, repairs, registration and license fees, fuel, oil, and tires, is 15.2 cents per mile for the 1-2 and 3-4 ton trucks, 15.2 for the 1 ton, 21.3 cents for the 1 1-4 and 1 1-2 ton, and 25.8 cents for the 2 ton.

The average cost of hauling crops, including the value of the driver's time is 50 cents per hour, is 24 cents per ton mile with the 1-2 and 3-4 ton trucks, 24.1 cents with the 1 ton, 23.3 cents with the 1 1-4 and 1 1-2 and 1 1-2 ton, and 21.5 cents with the 2-ton trucks.

Nearly 85 per cent of these trucks had not been out of commission when needed for a single day during the year covered by the reports, and 80 per cent of the owners stated that they had not lost any appreciable time on account of motor and tire trouble, breakage, etc., when using their trucks. About one truck in 15 was out of commission more than 5 days, however, and one owner in 40 reported a loss of more than 5 per cent of the time when using his truck.

Fifty-six per cent of these men have not reduced the number of their work-stock since purchasing trucks. Twenty-four per cent have disposed of one or two head, and 20 per cent of more than two head. The average reduction for small farms is 1.2 read.

Half of these men own tractors as well as motor trucks. Most of the tractors are owned on the larger farms, however. Only 33 per cent of the men whose farms contain 160 crop acres or less own tractors, while 65 per cent of those with over 320 crop acres own them. The number of work stock kept on the farms where both trucks and tractors are owned is only slightly less than the number kept on the farm of corresponding size where only trucks are owned.

Seventy-eight per cent of these farmers state that their trucks reduce the expense for hired help. On those farms where there is a reduction the operators estimate that it amounts to $209 per year on the average.

Mrs. Fred Fruiten Is Among the Latest to Reap Remarkable Benefits From Tanlac.

"I am so glad that I found Tanlac when I did, for since taking it my whole system has been so benefited that I am feeling like a different woman," said Mrs. Fred Fruiten, of 910 West Locust St., Bloomington, Ill.

"When I started taking Tanlac I was in a badly weakened state, owing to the after-effects of the 'flu.' My stomach was out of order. I couldn't eat a thing without suffering from pain and distress, and I was continually having bad bilious attacks. My nerves were in a frightful state, I couldn't sleep at night and I never felt equal to anything. I became very low-spirited, for, altho I had tried the best treatment and medicines that I could obtain, nothing seemed to do me any good.

"One of the men down at the works told my husband how much good Tanlac had done him, and he bought me a bottle. Before I had gotten thru with that first bottle I was feeling much better, and now I am feeling fine in every way. I am hungry all the time. I never have the slightest trouble with indigestion or biliousness, my nerves are now quiet and steady and I sleep like a child at night. I don't believe I ever felt better than I do today and I think Tanlac is a grand medicine for overcoming the bad after-effects of the 'flu'."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreves store, J. Earl Mills Franklin and J. L. Tuscher, Meredosia and by the leading drug store in every town. Adv.

WORRYING PUSSYFOOT

The following London telegram tells of the further experience of "Pussyfoot" Johnson, who addressed an audience in this city recently. Such treatment as has received in enlightened England seems beyound belief. It says:

William E. (Pussyfoot) Johnson, American temperance advocate narrowly escaped an angry crowd which interrupted one of his temperance meetings at Reading, in Berkshire. The crowd tried to break through the locked doors of the hall to reach him, according to a Reading dispatch to the Evening News. The crowd also threw bombs containing foul smelling chemicals.

Johnson, with detectives, escaped by the rear exit, through a graveyard, to a taxicab.

Johnson already has one artificial eye as the result of the roughness of medical students in London last November, when he was ridden on a plank through two miles of crowded west end streets.

YOU certainly want to save money, and you would like to have better bakings.

Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings —and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY — LOWERS THE COST OF ALL BAKINGS

CALUMET BAKING POWDER

"BEST BY TEST"

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France— positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe

—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, ½ cup butter, 1½ cups granulated sugar, Yolks of 3 eggs, ¾ cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

GOLD SITUATION CAUSES CONCERN

Fear Declining Production Will Make it Difficult to Keep Country on Gold Standard Basis — Much is Used for Commercial Purposes.

Washington. — Fear that the declining gold production in this country would make it difficult to retain the nation on a gold standard basis during a popular campaign for credit restriction, accompanied by declining prices, was expressed in a formal statement issued today by Chairman McFadden, of the house banking committee.

Mr. McFadden is the author of a bill pending before congress under which a tax of $10 an ounce would be levied on gold used in the industrial arts. This tax in turn would be paid to producers to stimulate their efforts. In his statement Mr. McFadden declared that unless some relief was furnished the American gold mining industry would be compelled to shut down soon because the legally fixed price of $20.67 an ounce for gold was less than current production costs.

"The continued depletion of the gold stock by excess exportation and industrial use," Mr. McFadden said, "will seriously impair the public confidence in the nation's finance and currency unless a normal gold output is insured.

"The United States mint sold for industrial consumption during 1919 nearly $22,000,000 more gold than was produced from the mines of the United States, while this year the drain on the monetary stock will probably be $40,000,000. Since the industrial consumers of gold are the only ones in the country receiving raw material at the pre-war price, it is evident that they are being heavy subsidized."

Failure of the United States to act, Mr. McFadden asserted, will permit the British Empire to gain an unquestioned supremacy in the world's gold production. South African producers, who mine the bulk of the British gold, he added, have been receiving an exchange premium as high as 50 per cent since July, 1919, and the French government, in addition to imposing an exchange discount on industrial gold, has levied a sumptuary tax of $3.73 an ounce for gold used in fabrication of articles other than money.

"This year the contribution of the United States to the gold production of the world," Mr. McFadden said, "will probably be not more than 12 per cent, about half of that which it contributed in 1915, while the stimulating effect of the British exchange premium will probably increase the quota which the British empire will contribute to 75 per cent."

DICE COST NEGRO a ONE DOLLAR AND COST

Cchicago, Oct. 7.—His ability to handle dice cost a negro crap shooter and several friends $1 and costs each recently when they were arraigned before Judge Hugh Stewart.

"I saw a little chunky fellow peeping out between two tall ones, with a wide grin on his face," Judge Stewart said afterward.

"I motioned him to the bench and handed him a pair of dice captured in the raid. 'Can you shoot those,' I asked.

" 'Yes, sir,' he said, and then he demonstrated. He rolled an eight, a four and six, and then a seven. 'You lose' I decided, and fined all the players $1 and cost and the gamekeeper $25 and costs.

A report at the time stated I had shot craps with the men myself. I did not choot craps with the prisoner, but did know enough about the game to know he lost when he rolled seven."

UNKOWN TO WRESTLE STETCHER

Junction City, Kans.—Allan Eustace, the Kansas wrestler who will meet Joe Stetcher, the champion, here on October 14 is little known outside his own state. In fact Kansas has heard but little of Eustace except his home community here for all the wrestling bouts in which he has engaged has engaged have been staged in Junction City. Eustace is a farmer and has refused to give up his agricultural pursuits for the wrestling mat. He has met wrestlers of national and international note here without defeat.

SCORES OF BRASS BANDS IN BELGIUM

Brussels. — American visitors to Belgium this summer were greatly struck with the almost incredible number of brass bands marching in the hundreds of street parades, celebrations of one sort or another, which occurred almost daily at Brussels or Antwerp.

In enjoying her first period of peace since the war, Belgium is observing every possible fete day and each of these seems to call out literally scores of brass bands each parish or each workmen's organization seeming to have one. Bicycle tourist clubs also have them, mounted on bicycles, and even fishing clubs, off for a Sunday holiday with pole, hook and line, take their musicians along.

One Sunday morning, a day of church fete parades, the correspondent counted 86 bands passing his hotel during the morning.

SOUTH DAKOTA STAR TO JOIN WHITE SOx

Aberdeen, S. D.—Pete Turgeon, shortstop of the Aberdeen club of the South Dakota league, recently sold to the Chicago Americans, brought $5,000, payable May 15, 1921, provided Turgeon makes good by that time. Turgeon will report to the White Sox for spring training next season. If Turgeon stays with Chicago, the Sox are to provide Aberdeen with an infielder satisfactory to the local manager.

ILLINI BATTLE DRAKE IN OPENING GAME

Zuppke Putting Squad Thru Hard Work in Preparation for Initial Contest Saturday at Champaign

Urbana, Ill.—The University of Illinois football squad has but a few days more in which to prepare for the initial game of the season. Drake University of Des Moins will clash with the Illni when the pigskin is tossed onto Illinois Field Saturday.

Zuppke will put his men thru the hardest grind of the practice season during the remaining days, with especial attention given to punting, place kicking and forward passing. The Illini still have a number of weak spots which must be overcome, the forward wall looks none too well, and there is no doubt that great improvement must be made if the Illini expect to register near the top when the final whistle is sounded and the 1920 football season becomes history.

Capt. Depler was given a special examination Saturday and the result will be know with in the next day or so. If he has been successful his addition to the team will mean much. Walquist, another important cog in the Illinois make up, is now eligible and Reichle will take an examination this week.

Zuppke has a good opinion of Drake University. The game, while being a practice contest will, no doubt, be a battle from the start to the finish. Drake has had considerable more time for practice and should be in the pink of condition, while Illinois is barely past the stage of rudimentary football.

Zuppke spent Saturday at Bloomington, Ind., taking notes of the Iowa-Indiana game in order to get a few points on the Iowa team, which opens the Big Ten Conference schedule here a week from next Saturday. Zuppke will undoubtedly be able to spring a few surprises on the Hawkeye team.

Only 4% Measures Up To Enterprise Standards

The big hard wheat crop you hear so much about this year is long on quantity but very short on quality. Only four per cent of it is fit to be milled into Valier's Enterprise Flour.

Rain and warm weather made the grain outgrow its strength. It has too much starch and water in it and not nearly enough gluten.

The wheat that is good enough to be milled into Enterprise Flour grew where there was less moisture. It ripened into thinner, harder grain, strong and full of gluten. But it is only four per cent of the crop. It is very scarce and hard to find.

We have to have such grain, for no other will mill into flour capable of producing the same fine results that you have always had with Enterprise. So we paid the price and got it.

Naturally Enterprise costs a few cents more this year, but those few cents will be many times repaid. You won't be annoyed by needless, expensive failures and you'll get more bakings per sack than with ordinary flour.

GOLD SITUATION CAUSES CONCERN

Fear Declining Production Will Make it Difficult to Keep Country on Gold Standard Basis — Much is Used for Commercial Purposes.

Washington. — Fear that the declining gold production in this country would make it difficult to retain the nation on a gold standard basis during a popular campaign for credit restriction, accompanied by declining prices, was expressed in a formal statement issued today by Chairman McFadden, of the house banking committee.

Mr. McFadden is the author of a bill pending before congress under which a tax of $10 an ounce would be levied on gold used in the industrial arts. This tax in turn would be paid to producers to stimulate their efforts. In his statement Mr. McFadden declared that unless some relief was furnished the American gold mining industry would be compelled to shut down soon because the legally fixed price of $20.67 an ounce for gold was less than current production costs.

"The continued depletion of the gold stock by excess exportation and industrial use," Mr. McFadden said, "will seriously impair the public confidence in the nation's finance and currency unless a normal gold output is insured.

"The United States mint sold for industrial consumption during 1919 nearly $22,000,000 more gold than was produced from the mines of the United States, while this year the drain on the monetary stock will probably be $40,000,000. Since the industrial consumers of gold are the only ones in the country receiving raw material at the pre-war price, it is evident that they are being heavy subsidized."

Failure of the United States to act, Mr. McFadden asserted, will permit the British Empire to gain an unquestioned supremacy in the world's gold production. South African producers, who mine the bulk of the British gold, he added, have been receiving an exchange premium as high as 50 per cent since July, 1919, and the French government, in addition to imposing an exchange discount on industrial gold, has levied a sumptuary tax of $3.73 an ounce for gold used in fabrication of articles other than money.

"This year the contribution of the United States to the gold production of the world," Mr. McFadden said, "will probably be not more than 12 per cent, about half of that which it contributed in 1915, while the stimulating effect of the British exchange premium will probably increase the quota which the British empire will contribute to 75 per cent."

SHERROD SMITH WINS PLACE IN WORLD'S SERIES HALL OF FAME

(Continued from Page One.)

second, whereupon Kilduff whirled and nailed Mails at first.

Some Wonderful Fielding.

Speaker's players let themselves out under this incentive in the sixth, when two feats in handling the ball aroused the htrongs to frenzy. Wheat lifted a booming foul fly along the right field line and Burns chased the descending sphere clear to the grandstand where he came up with a slam against the iron railing but not until he reached in among the spectators occupying a front row box and with his gloved hand speared the ball almost in the lap of a woman fan. Myers then singled to left but when Konetchy hammered a red hot hopper to Wambsganss, a lightning double play, Wambsganns to Sewell to Burns checked what appeared to be another run-getting rally. Other plays of almost equal brilliancy marked the progress of the battle, but these were the outstanding defensive features of a contest which will always rank well to the fore in the annals of world's series games.

Caldwell Easy for Dodgers.

It may have been a lucky thing for Brooklyn that Manager Speaker at the last moment decided to start Rey Caldwwell in the box for it was while Ray was on the mound that Manager Robinson's boys got their two runs. Ivy Olson, Brooklyn's shortstop, who has proved the most consistent player of either team in reaching first, his record for the three games being eight out of twelve, drew a pass in Brooklyn's half of the first. Jimmy Johnston promptly sacrificed him to second and he advanced to third when Sewell fumbled Griffith's grounder. Olson completed the circuit on Wheat's hit to left and Griffith went to the mid-way.

From that point the right fielder scored when Myers hit to short right.

Tris Speaker, with the unitentional aid of Zack Wheat, saved his team from a shutout. In the fourth the Cleveland leader hit down the third base line. The smash was ordinarily good for two bases but Wheat let the ball go thru him and it rolled to the far corner of the lot. Speaker continued around the bases and scored so easily that Wheat made no effort to throw the ball home.

The pitching analysis of the Cleveland boxmen show that nearly half of the 20 balls thrown by Caldwell in the 1-3 inning he performed were wide of the plate. Three went as strikes, four as foul strikes and two were grounders, one of which was fumbled. The other two were hits that sent in the two runs for Brooklyn.

Mails Pitched Good Game.

Mails pitched creditably in his 6 2-3 innings. Aside his ball total of 38 was almost equal to that of Smith for nine innings, he held Brooklyn to three hits and no runs. He sent across 19 strikes and received credit for 14 on fouls. Four fouls came after the second strike. The Cleveland lefthander started well, throwing seven balls in the fractional inning and 8 in the second. After that his total was never less than 11, and in the seventh he pitched 23 times, 12 of which were aside from the plate. Uhle in his one inning had 3 balls, 3 strikes, three foul strikes and two plain fouls.

Eight Brooklyn men went out on flies and 10 on grounders, not including the ball Sewell erred on. The ball total for the three Indian twirlers was 50 and the strike total half that number. Brooklyn batters fouled off 21 offerings for strikes. According to the official figures of the National Commission 25,088 spectators paid admission.

Their collective contribution to the box office was $81,298.

This made the total receipts for the first three games $236,511 of which the National Commission received $23,651.10; the players pool $12,715.94 and the club owners $85,143.96.

A COMPLEXION WORTH HAVING

A Velvety Skin and Crystal Clear Complexion—Pimples and Such Blemishes Gone—This is the Story of Stuart's Calcium Wafers.

If you will look closely at a wonderfully beautiful skin, and observe its soft, delicate texture,

you will se the pink capillary blood tinting the cheeks. And there you see what is produced when your skin has been cleansed with Stuart's Calcium Wafers.

You will be delighted to see the wonderful change that so often takes place after using these wafers.

Pimples, blotches, liver spots, blackheads, muddy complexion and such kinds of impurities gather in the skin because it is one of the natural outlets of the body. But if you supply it with the proper materials it will convert the poisons into a harmless substance and pass off in the natural perspiration instead of in ugly accumulations.

Get a 60-cent box today of Stuart's Calcium Wafers at any drug store and then you may count on a complexion worth having.—Adv.

CERTIFICATES ISSUED TO PROSPECTIVE TEACHERS

Springfield, Ill. — Certificates have been granted 1,743 successful applicants from among the 3,913 persons who took the July Illinois state teachers' examinations, Francis G. Blair, superintendent of public instruction, reports.

Owing to the new ruling of the department which requires applicants to be graduates of an accredited high school the number this year is considerably less than last year for the same time, when 2,975 certificates were granted. More teachers are granted certificates now on presentation of credits. This operates to prevent a shortage of teachers.

From Christian county, of 53 persons who attempted the examination 24 were successful; from Logan 18 out of 25 passed, Macoupin 35 from 76, Mason 3 out of 26, Menard 4 out of 11, Morgan 17 out of 29, Sangamon 23 out of 53, and Shelby county 24 out of 33 were successful.

SHERROD SMITH WINS PLACE IN WORLD'S SERIES HALL OF FAME

(Continued from Page One.)

second, whereupon Kilduff whirled and nailed Mails at first.

Some Wonderful Fielding.

Speaker's players let themselves out under this incentive in the sixth, when two feats in handling the bail aroused the htrongs to frenzy. Wheat lifted a booming foul fly along the right field line and Burns chased the descending sphere clear to the grandstand where he came up with a slam against the iron railing but not until he reached in among the spectators occupying a front row box and with his gloved hand speared the ball almost in the lap of a woman fan. Myers then singled to left but when Konetchy hammered a red hot hopper to Wambsganss, a lightning double play, Wambsganns to Sewell to Burns checked what appeared to be another run-getting rally. Other plays of almost equal brilliancy marked the progress of the battle, but these were the outstanding defensive features of a contest which will always rank well to the fore in the annals of world's series games.

Caldwell Easy for Dodgers.

It may have been a lucky thing for Brooklyn that Manager Speaker at the last moment decided to start Rey Caldwwell in the box for it was while Ray was on the mound that Manager Robinson's boys got their two runs. Ivy Olson, Brooklyn's shortstop, who has proved the most consistent player of either team in reaching first, his record for the three games being eight out of twelve, drew a pass in Brooklyn's half of the first. Jimmy Johnston promptly sacrificed him to second and he advanced to third when Sewell fumbled Griffith's grounder. Olson completed the circuit on Wheat's hit to left and Griffith went to the mid-way.

From that poin the right fielder scored when Myers hit to short right.

Tris Speaker, with the unintentional aid of Zack Wheat, saved his team from a shutout. In the fourth the Cleveland leader hit down the third base line. The smash was ordinarily good for two bases but Wheat let the ball go thru him and it rolled to the far corner of the lot. Speaker continued around the bases and scored so easily that Wheat made no effort to throw the ball home.

The pitching analysis of the Cleveland boxmen show that nearly half of the 20 balls thrown by Caldwell in the 1-3 inning he performed were wide of the plate. Three went as strikes, four as foul strikes and two were grounders, one of which was fumbled. The other two were hits that sent in the two runs for Brooklyn.

Mails Pitched Good Game.

Mails pitched creditably in his 6 2-3 innings. Ammo his ball total of 38 was almost equal to that of Smith for nine innings, he held Brooklyn to three hits and no runs. He sent across 19 strikes and received credit for 14 on fouls. Four fouls came after the second strike. The Cleveland lefthander started well, throwing seven balls in the fractional inning and 8 in the second. After that his total was never less than 11, and in the seventh he pitched 23 times, 12 of which were aside from the plate. Uhle in his one inning had 3 balls, 3 strikes, three foul strikes and two plain fouls.

Eight Brooklyn men went out on flies and 10 on grounders, not including the ball Sewell erred on. The ball total for the three Indian twirlers was 50 and the strike total half that number. Brooklyn batters fouled off 21 offerings for strikes. According to the official figures of the National Commission 25,088 spectators paid admission.

Their collective contribution to the box office was $81,298.

This made the total receipts for the first three games $236,511 of which the National Commission received $23,651.10; the players pool $12,715.94 and the club owners $85,143.96.

A COMPLEXION WORTH HAVING

A Velvety Skin and Crystal Clear Complexion—Pimples and Such Blemishes Gone—This is the Story of Stuart's Calcium Wafers.

If you will look closely at a wonderfully beautiful skin, and observe its soft, delicate texture,

you will se the pink capillary blood tinting the cheeks. And there you see what is produced when your skin has been cleansed with Stuart's Calcium Wafers.

You will be delighted to see the wonderful change that so often takes place after using these wafers.

Pimples, blotches, liver spots, blackheads, muddy complexion and such kinds of impurities gather in the skin because it is one of the natural outlets of the body. But if you supply it with the proper materials it will convert the poisons into a harmless substance and pass off in the natural perspiration instead of in ugly accumulations.

Get a 60-cent box today of Stuart's Calcium Wafers at any drug store and then you may count on a complexion worth having.—Adv.

CERTIFICATES ISSUED TO PROSPECTIVE TEACHERS

Springfield, Ill. — Certificates have been granted 1,743 successful applicants from among the 3,913 persons who took the July Illinois state teachers' examinations, Francis G. Blair, superintendent of public instruction, reports.

Owing to the new ruling of the department which requires applicants to be graduates of an accredited high school the number this year is considerably less than last year for the same time, when 2,975 certificates were granted. More teachers are granted certificates now on presentation of credits. This operates to prevent a shortage of teachers.

From Christian county, of 53 persons who attempted the examination 24 were successful; from Logan 18 out of 25 passed, Macoupin 35 from 76, Mason 3 out of 26, Menard 4 out of 11, Morgan 17 out of 29, Sangamon 23 out of 53, and Shelby county 24 out of 33 were successful.

SON WANTS FATHER "TO TAKE IT EASY"

Kankakee Citizen, 70 Years Old, Been Troubled for Seven Years With Catarrh, Rheumatism, Lazy Liver and Disordered Stomach

Glad to Relate His Experience With the Root and Herb Tonic Dreco, for Benefit of Others.

"I have only taken one bottle of Dreco so far, and it has done me a world of good; why I can eat a regular full sized meal now without any bother from gas; am no longer bilious, bowels move naturally; have no more of those rheumatic pains in my legs, catarrh is relieved and I feel so much better," said Mr. James H. Brazier, who lives at 320 W. Court St., Kankakee, Ill. Continuing, he said: "Before I took this splendid medicine my legs were crippled up with rheumatism so that I could hardly get about. There was a constant dripping from the back of the nose into my throat which kept my stomach irritated and caused my food to sour and ferment until I almost bursted with gas. It took me half a day to clear my throat and head.

"I am 70 years old and my son thought I ought to stop working and rest up but I've been an active man all my life and I don't feel like quitting. Why since taking Dreco I feel as able as the best of them."

After taking Dreco it is noticed, that the bowels begin to move free and easy; the kidneys get regular and the lazy liver takes on new life. The stomach assimilates the food without producing gas and pains, and the whole system feels rejuvenated. Dreco is a great blood builder and purifier, and it is being especially introduced in Jacksonville by Coover Drug Co.—Adv.

Daily Market Report

IRREGULAR CLOSE OF STOCK MARKET

(By Associated Press.)

NEW YORK, Oct. 7.—Business on the stock exchange today denoted an increasing division of sentiment in speculative circles. Prices wer subjected to a succession of confusing advances and declines, many mixed changes resulting at the irregular close.

In a measure rails maintained their recent leadership. Reading, which featured the long account in yesterday's market made a new high record for several years at 101¼, but ended at a net loss of 1½ points.

Steels and equipments were again influenced in their erratic course by backward trade conditions. Recessions ran from 2 to 5 points.

Oils, shippings, motors and sugars embraced the other uncertain elements of the day. Sales amounted to 800,000 shares.

Call money moved from 7 to 8 per cent and back to the lower rate with time funds unchanged.

Tractions were the strongest feature of the bond market, the Liberty group easing with irregular chances among foreign issues. Total sales, par value, $14,200,000.

Old United States bonds were unchanged on call.

CHICAGO POTATO MARKET

Chicago, Oct. 7.—Potatoes—Slightly stronger; receipts 53 cars. Minnesota, Michigan and Wisconsin round white $2.00@$2.15; Minnesota and Dakota Early Ohios $2.00@$2.05; Idaho rurals, sacked, $2.50.

WHEAT CONTINUES DOWNWORD COURSE

(By Associated Press.)

CHICAGO, Oct. 7.—Wheat turned downward in price at the last today after a show of strength during the first part of the session. Hedging here against purchasing in the southwest had a bearish eect. The close was heavy ¼c to 2c net lower with December $1.98⅜ to $1.99¼ and March $1.95½ to $1.96. Corn finished 1⅜c off to ½c gain, oats unchanged to ½c higher and provisions at an advance of 15c to 45c.

Temporary absence of selling pressure rather than any unusual demand was plainly responsible for the gains that for a while were scored in the wheat market. Later signs of persistent hedging were evident and it was said country oerings had again become fairly liberal. Export brokers were almost unanimous that there was no foreign buying in the United States and some asserted that Winnipeg was getting the bulk of business with Europe.

Corn and oats were steadied by smallness of receipts. Higher quitations on hogs strengthened provisions.

Vaccinate Your Own Hogs
Costs Only 20c to 40c Each

The Fulton County Farm Bureau furnishes Dr. Rea's Government tested serum to its members at cost, which is $5 a bottle of 500 c. c. In that county 800 farmers have already vaccinated their own hogs at a saving of one half to two thirds of their former vaccination bills, all report the best of success, no abscesses or bad results of any kind.

Hundreds of farmers in Rock Island, Mercer, Hancock, Lee and Edgar counties, as well as Fulton county, are doing their own vaccinating with Dr. Rea's Serum which is furnished to them through their Farm Bureaus.

R. O. Shields, president of Brown County Farm Bureau and Harry Jewell, treasurer of the Warren County Farm Bureau, have both vaccinated their own herds with Dr. Rea's serum and recommend it highly. They did the work themselves.

This same government tested serum with the U. S. release label on each bottle is now sold in this county at the address given below for the convenience of those who wish to vaccinate their own hogs or have it done. The price of the serum is $5 a bottle of 500 c. c. Virus is one cent a c. c. Syringes are sold at cost. The dosage table is on each bottle. Directions are furnished with the serum showing just how the vaccination is done. It is easy, no skill required.

SON WANTS FATHER "TO TAKE IT EASY"

Kankakee Citizen, 70 Years Old, Been Troubled for Seven Years With Catarrh, Rheumatism, Lazy Liver and Disordered Stomach

Glad to Relate His Experience With the Root and Herb Tonic Dreco, for Benefit of Others.

"I have only taken one bottle of Dreco so far, and it has done me a world of good; why I can eat a regular full sized meal now without any bother from gas; am no longer bilious, bowels move naturally; have no more of those rheumatic pains in my legs, catarrh is relieved and I feel so much better," said Mr. James H. Brazier, who lives at 320 W. Court St., Kankakee, Ill. Continuing, he said: "Before I took this splendid medicine my legs were crippled up with rheumatism so that I could hardly get about. There was a constant dripping from the back of the nose into my throat which kept my stomach irritated and caused my food to sour and ferment until I almost bursted with gas. It took me half a day to clear my throat and head.

"I am 70 years old and my son thought I ought to stop working and rest up but I've been an active man all my life and I don't feel like quitting. Why since taking Dreco I feel as able as the best of them."

After taking Dreco it is noticed, that the bowels begin to move free and easy; the kidneys get regular and the lazy liver takes on new life. The stomach assimilates the food without producing gas and pains, and the whole system feels rejuvenated. Dreco is a All druggists now sell Dreco great blood builder and purifier, and it is being especially introduced in Jacksonville by Coover Drug Co.—Adv.

Daily Market Report

IRREGULAR CLOSE OF STOCK MARKET

(By Associated Press.)

NEW YORK, Oct. 7.—Business on the stock exchange today denoted an increasing division of sentiment in speculative circles. Prices wer subjected to a succession of confusing advances and declines, many mixed changes resulting at the irregular close.

In a measure rails maintained their recent leadership. Reading, which featured the long account in yesterday's market made a new high record for several years at 101¼, but ended at a net loss of 1½ points.

Steels and equipments were again influenced in their erratic course by backward trade conditions. Recessions ran from 2 to 5 points.

Oils, shippings, motors and sugars embraced the other uncertain elements of the day. Sales amounted to 800,000 shares.

Call money moved from 7 to 8 per cent and back to the lower rate with time funds unchanged.

Tractions were the strongest feature of the bond market, the Liberty group easing with irregular chances among foreign issues. Total sales, par value, $14,200,000.

Old United States bonds were unchanged on call.

CHICAGO POTATO MARKET

Chicago, Oct. 7.—Potatoes—Slightly stronger; receipts 53 cars. Minnesota, Michigan and Wisconsin round white $2.00@$2.15; Minnesota and Dakota Early Ohios $2.00@$2.05; Idaho rurals, sacked, $2.50.

WHEAT CONTINUES DOWNWORD COURSE

(By Associated Press.)

CHICAGO, Oct. 7.—Wheat turned downward in price at the last today after a show of strength during the first part of the session. Hedging here against purchasing in the southwest had a bearish eect. The close was heavy ¼c to 2c net lower with December $1.98¾ to $1.99¼ and March $1.95½ to $1.96. Corn finished 1¾c off to ½c gain, oats unchanged to ½c higher and provisions at an advance of 15c to 45c.

Temporary absence of selling pressure rather than any unusual demand was plainly responsible for the gains that for a while were scored in the wheat market. Later signs of persistent hedging were evident and it was said country ocrings had again become fairly liberal. Export brokers were almost unanimous that there was no foreign buying in the United States and some asserted that Winnipeg was getting the bulk of business with Europe.

Corn and oats were steadied by smallness of receipts. Higher quitations on hogs strengthened provisions.

Vaccinate Your Own Hogs
Costs Only 20c to 40c Each

The Fulton County Farm Bureau furnishes Dr. Rea's Government tested serum to its members at cost, which is $5 a bottle of 500 c. c. In that county 800 farmers have already vaccinated their own hogs at a saving of one half to two thirds of their former vaccination bills, all report the best of success, no abscesses or bad results of any kind.

Hundreds of farmers in Rock Island, Mercer, Hancock, Lee and Edgar counties, as well as Fulton county, are doing their own vaccinating with Dr. Rea's Serum which is furnished to them through their Farm Bureaus.

R. O. Shields, president of Brown County Farm Bureau and Harry Jewell, treasurer of the Warren County Farm Bureau, have both vaccinated their own herds with Dr. Rea's serum and recommend it highly. They did the work themselves.

This same government tested serum with the U. S. release label on each bottle is now sold in this county at the address given below for the convenience of those who wish to vaccinate their own hogs or have it done. The price of the serum is $5 a bottle of 500 c. c. Virus is one cent a c. c. Syringes are sold at cost. The dosage table is on each bottle. Directions are furnished with the serum showing just how the vaccination is done. It is easy, no skill required.

Today—Large Can Libby's Milk 5¢

(Regular tall size Evaporated)

TEAR out this coupon now, take it to your grocer, with 5c, and he will give you a large size can of Libby's famous Evaporated Milk.

Libby makes this special offer so that every housewife may learn for herself what a difference Libby's Milk makes in coffee and in cooking.

Use this can of Libby's Evaporated Milk in coffee, cocoa, puddings, cake and cream sauces. See what richness it gives to everything in which you use it.

See how your family will exclaim over the extra richness of your cream pies. How your guests will notice the smoothness of your cream sauces—the light delicacy of your cakes.

Why this milk gives a richer flavor

Libby's Evaporated Milk comes to you from dairy sections that are noted for their rich milk and cream. Sections such as the well-known dairying districts of Wisconsin, Illinois and New York. Right in the heart of these famous pasture lands are located the Libby condenseries. The milk is carefully selected and tested by Libby experts. More than half the moisture is removed and nothing added. It is then packed and sterilized by a special Libby method. It comes to you in harm-proof cans as pure as when it leaves the spotless dairies.

So convenient! So economical!

Always at hand and ready to use, takes up so little room, keeps sweet and pure until you want it—you will be enthusiastic over its convenience.

And so economical! It is rich and creamy for your coffee—at half the cost of cream! And there's never any waste. You use it as you need it and the rest, put in a cool place, keeps for several days.

Why this milk gives a richer flavor

Libby's Evaporated Milk comes to you from dairy sections that are noted for their rich milk and cream. Sections such as the well-known dairying districts of Wisconsin, Illinois and New York. Right in the heart of these famous pasture lands are located the Libby condenseries. The milk is carefully selected and tested by Libby experts. More than half the moisture is removed and nothing added. It is then packed and sterilized by a special Libby method. It comes to you in harm-proof cans as pure as when it leaves the spotless dairies.
